CHEMISTRY and PHYSICS RECRUITING/ROAD SHOW

Dr. Brandon, along with students Dana Lamberton (and her Dad) and Sandra Huneycutt, visited Highlander Academy in Red Springs for a recruiting/road show on February 17, 2017. They did many demos over a 2 hour period. The students loved seeing the various demos. We appreciate your efforts, Dr. Brandon, for the wonderful work in taking our students and doing demos with the high school students. This is a great tool to recruit students for our '3+2' Program. Thank you, Dr. Brandon, for your awesome work.

THE NORTH CAROLINA REGION 4 SCIENCE & ENGINEERING FAIR

Dr. Roland Stout

Mrs. Carolyn Oxendine

Dr. Rachel Smith

The 2017 North Carolina Region 4 Science & Engineering Fair was held on Saturday, February 18, 2017 in the Auxiliary Gym, Jones Health and Physical Education Center on the campus of UNC Pembroke. This year's science fair was the 36th year that UNCP has hosted the regional fair. There were over 113 projects entered from twelve different counties in the surrounding area. There will be 29 projects going on to the state level competition. Due to the generous support from a wide variety of sponsors, we were able to award an additional 33 special recognition awards, many with monetary prizes. The department would like to give a special "thank you" to Dr. Roland Stout, Dr. Rachel Smith, and Mrs. Carolyn Oxendine for their remarkable work on our Region 4 Science Fair. Great Job! Also, thank you to the ones who served as judges on the NCSAS: Dr. Jose D'Arruda, Dr. Siva Mandjiny, Dr. Steven Singletary, Dr. Maria Santisteban, Dr. Maria Pereira, Dr. Denise Edgell, Dr. Kaitlin Campbell, Dr. Crystal Walline, and Dr. Roland Stout.

RCC RECRUITMENT

On February 22nd, Dr. Mandjiny spent the day at Robeson Community College. There he was joined with Dr. Richard Gay in recruiting students for the Chemistry and Physics Department.

FACULTY NIGHT

The Faculty Appreciation Night was held on February 8, 2017. Several students recognized Dr. Mandjiny for this special event.

OPEN HOUSE

Open House at UNCP for students took place on February 11, 2017. The Open House at UNCP means students can experience student life on our campus, explore their academic options, and meet admissions counselors and financial aid experts who will help them throughout their application process. Thank you, Felicia, for being a part of open house and speaking with the students on behalf of the department.
