- The location of the Clery crime is important information to collect. The Clery act requires disclosure for crimes that happen
- on campus (to include residence halls),
  - on public property within or immediately adjacent to the campus (e.g., public streets), and
  - in or on non-campus buildings or property that UNCP owns or controls. (e.g., the Regional Center, Incubator)
- Property that is "controlled" by the university means that we rent or lease it, or we have some sort of written agreement (even an informal one) that says we may use it. (e.g., student overnight stays in hotels)
