

Surplus Property

Welcome to the University of North Carolina at Pembroke Surplus Property Department. UNCP Surplus Property Office is responsible for tracking, selling, recycling, and disposal of state property in accordance with State policies and procedures.

Surplus Property Available for Campus Use

All departments have the opportunity to view surplus property items for use on campus. Our campus departments have priority over cash sales. Departments may call and schedule a time to view surplus items. The departments may not come in to view the items the day before, of, or next day after a sale.

UNCP...now has a retail store beginning February, 2018!

The Surplus Property Office will be conducting monthly sales to allow the general public to purchase surplus items no longer needed by the university. These sales will be held once every month from 9:00am – 11:00am at the Surplus Warehouse on campus. Up-coming sale dates will be posted on these websites, <http://calendar.uncp.edu/MasterCalendar.aspx>, <https://www.facebook.com/uncpbusinessservices/>.
