## UNCP HEALTH OPPORTUNITIES

<http://www.uncp.edu/hcop/>

### SUMMER ENRICHMENT PROGRAM

(High School Program)

The **Summer Enrichment Program** targets high school seniors and rising college freshmen who wish to pursue careers in medical or health related professions.

<http://www.uncp.edu/hcop/components.htm>

.....

### PRIMARY CARE EXPOSURE ACTIVITY

(Undergraduate Students)

The **Primary Care Exposure Activity** provides opportunities to pre-med college students to gain practical exposure and experience in the health and medical professions.

## IN-STATE PRE-MED OPPORTUNITIES

### Duke University

The new **Summer Medical and Dental Education Program** (SMDEP) provides a six-week opportunity for pre-med & pre-dental college freshman and sophomores.

<http://www.smdep.org/>

### East Carolina University

The **Summer Program for Future Doctors** (SPFD) sponsors an intensive, challenging, educational summer program that allows participants to experience the pedagogical style and demands of the medical school curriculum.

<http://www.ecu.edu/ascc/SummerProg05.htm>

### UNC Chapel Hill

The **Office of Educational Development** sponsors several programs designed to encourage and support disadvantaged students in pursuing health careers.

<http://www.med.unc.edu/oed/>

## SUMMER OPPORTUNITIES

(High School Students)

**INMED Summer Institute**, which is a six-week academic enrichment session for students currently enrolled in grades seven through twelve.

<http://www.med.und.nodak.edu/depts/inmed/SummerPrograms.html>

## NIH OPPORTUNITIES

<http://www.training.nih.gov/>

### NIH SUMMER INTERNSHIP PROGRAM

(High School and Undergrad Students)

The **Summer Internship Program** (SIP) at the NIH provides an opportunity to spend the summer working side-by-side with some of the leading scientists in the world in an environment devoted exclusively to biomedical research. Students sixteen years of age or older who are U.S. citizens or permanent residents and are currently enrolled at least half-time in high school or an accredited U.S. college or university are eligible to apply. Students who have been accepted into a college or university may also apply.

<http://www.training.nih.gov/student/sip/info.asp>

.....

### NIH ACADEMY FELLOWSHIP PROGRAM

(Graduate Students)

The **NIH Academy** is a post baccalaureate program that provides opportunities for recent college graduates to spend a year engaged in biomedical investigation at the National Institutes of Health (NIH) in Bethesda, Maryland.
