Preface

The University of North Carolina at Pembroke Fact Book is an annual production by the Office of Institutional Research and Planning. It contains descriptive information about various aspects of the University. Included in the Fact Book are data, both current and historical, concerning enrollment, student characteristics, faculty and staff characteristics, and income, and expenditure information. The primary purpose of this publication is to assist those seeking information about the University. Most of the reports include five years, and in some cases ten years, of historical data which may be especially useful for planning, evaluation, and trend analyses.

The Office of Institutional Research and Planning, in its ongoing effort to provide timely management information, encourages your comments and suggestions for improvement. We hope you find this edition both informative and useful.
