

Preface

The University of North Carolina at Pembroke Fall 2005 Fact Book was produced by the Office of Institutional Research and Planning. It contains information, both current and historical, about enrollments, student characteristics, faculty and staff characteristics, and academic programs.

The information for the Fact Book was compiled from data entered by personnel in a variety of offices on campus, and we acknowledge their contributions to the production of the Fact Book. For the current edition, student enrollment information is as of August 31, 2005, the tenth day of classes. Information on faculty, staff and administrators, is as of September 30, 2005.

The Office of Institutional Research and Planning, in its ongoing efforts to provide timely management information, encourages your comments and suggestions for improvement. We hope that you will find this edition informative and useful.
