Shannon, NC 28386

The purpose of this intertribal conference is to build bridges by empowering Native Americans with quality health information, education, professional agri-business development and spiritual awakening.

Day one (Nov. 5th) will educate you on how to grow your agricultural business. Day two (Nov. 6th) will inform you of health and wellness issues that affect Natives. On the final day (Nov. 7th) leaders will participate in a talking circle round table discussion of American Indian Issues. There will be many activities and information available as well.

**Registration is open to all who are interested in participating**
