### **Research/Scholarly Works:**

Partnership with local home health agency for process improvement initiatives to promote high-quality outcomes that aligns with the new Home Health Value-based Purchasing Model required by the Centers for Medicare and Medicaid Services (CMS).

Principle investigator of *Health Literacy and Heart Failure in Rural Robeson County* graduate capstone project in conjunction with Duke University research study of *Improving Outcomes for Chronic Kidney Disease in Southeastern, North Carolina: An Evaluation of the individual- and community-level responses*. A retrospective case controlled study to prove that there is a relationship between heart failure readmission rates and health literacy levels.

Principle investigator on *Interdisciplinary Practice: Ucare Delivery Model* research project to promote care coordination across the continuum of care, and empower patients to take control of their health. Presented research at the annual Research Council Ceremony at Southeastern Health.
