Teacher Education Program Vision Statement

By holding ourselves to high standards of professional excellence and professional integrity, by caring for the personal and professional well-being of the teacher candidates in our undergraduate community and the career professionals in our graduate community, we will make sound judgments about the design and delivery of professional development programs in an environment of mutual trust and common commitment to public school children and their families.

Teacher Education Program Mission Statement

Believing that the quality of education directly influences the quality of life both for those served and for those serving, the UNC Pembroke Teacher Education Program has as its mission to develop and nurture competent and caring communities of public school professionals who dedicate themselves to the education and welfare of all students and whose understanding of the dynamic interrelationship among theory, practice, and reflection compels them to actively influence positive change with sensitivity and integrity. The UNCP Teacher Education Program shares the University’s commitment to academic excellence, cultural diversity, and lifelong learning within a balanced program of teaching, research, and service.

Teacher Education Program Diversity Position Statement

In congruence with the mission of the University of North Carolina at Pembroke in providing the setting and environment for the University experience and to graduate students prepared for global citizenry, the Teacher Education Program at UNCP is committed to the development of educators who embrace the diversity of ideas, learning styles, racial and ethnic differences, and gender issues of differences and who possess the knowledge, skills, and dispositions necessary to promote living and learning in a global society. To this accomplishment the Teacher Education Program will seek to

1. recruit students from among diverse backgrounds, cultures, and races;
2. recruit faculties from among diverse populations who possess a knowledge base for teaching diverse populations;
3. develop, teach, and assess a curriculum that embraces learning and teaching for diverse populations; and,
4. provide (field) experiences and clinical settings which enable students to test, adapt, and adopt paradigms of learning for diverse populations.

**Basic Tenets of the Conceptual Framework**

The UNCP Teacher Education Program is committed to the public school mission of preparing P-12 learners for full participation in a democratic society. We believe that all P-12 learners are entitled to the highest quality instruction, services, resources, and facilities that society can provide. UNCP’s primary responsibility in that noble effort is to prepare competent and collaborative professional educators committed to the democratic mission in public education.

**Commitment**

Public schools exist for the purpose of making equal access a reality for all children regardless of race, ethnicity, socioeconomic status, language, gender, religion, sexual orientation, or exceptionality. Success in school is critical to the quality of future life for individuals as well as the health and vitality of our democratic nation. Therefore, professional educators—classroom teachers, specialists, administrators, and school counselors—significantly influence the shape of that future for P-12 learners in our nation’s public schools. Such serious responsibility for the well-being of others requires an equally serious commitment from professional educators on several levels.

First, professional educators must be committed to the mission of public schooling in a culturally diverse, democratic society. Professional educators respect the dignity of all children, their families, their cultures, and their communities and care deeply about each child’s academic success, health, and well-being. Second, professional educators must be committed to high standards for students. Professional educators believe that all students can learn and set high expectations for all learners. They create safe, secure, and supportive learning environments designed to meet the needs of diverse learners. Third, professional educators must be committed to high standards for themselves. They are personally invested in their professional work and continuously engaged in critical self-reflection about their own effectiveness at performing that work. They are committed to lifelong learning and continuous professional development over the span of a career. Fourth, professional educators are committed to the profession. They are proud to serve their communities as educational leaders and advocate for the profession in all interactions. They affiliate with various professional organizations at the district, state, and national levels.

**Collaboration**

Public schooling is a complex social institution involving multiple branches of local, state, and national governments, the general public, special interest groups, numerous national professional organizations, accreditation agencies, business partners, civic organizations, and millions of classroom teachers, administrators, service professionals, specialists, support staff, students and their families. Collaboration among all of the stakeholders in public education is essential for success. The UNCP Teacher Education Program nurtures the development of professional educators who understand the importance of collaboration in the public school culture and who work productively with others in various collaborative endeavors for the welfare of P-12 learners.

Professional educators must collaborate with others in the community of learners. They understand the constructivist principle of creating shared knowledge, learn how to work as a team on group projects in their classes, and develop a repertoire of cooperative learning strategies. Professional educators must learn how to collaborate with other professionals in the school community. They plan collaboratively with cooperating teachers, grade-level teams, resource teachers, curriculum specialists, and embrace opportunities to team teach.
Experienced professionals lead collaborative efforts for whole school improvement. Professional educators collaborate with students’ families and other caregivers. They understand that the partnership between school and home has a positive impact on the child’s success in school. They communicate regularly with parents about what is going on in the school and invite them to actively participate in the school community. Professional educators collaborate with others in the community. They secure partnerships with businesses, civic organizations, nonprofit groups, and committed individuals in the district, state, and nation to support special educational initiatives for the benefit of P-12 learners.

**Competence**

The UNCP Teacher Education Program prepares professional educators who are competent. They possess the knowledge, skills, and dispositions needed to perform their entry level and advanced roles and responsibilities in the public schools effectively. Competent professional educators promote positive learning outcomes for ALL students. Understanding the critical connections among theory, research, and practice, their work is grounded in a defensible, well-developed conceptual framework based on the tenets of constructivism. Competent professional educators know how to use critical self-reflection on those connections to learn from direct experience and continuously improve their effectiveness. They know how to secure and use various technological resources to enhance student learning, service delivery, communication, and administration. Competent professional educators embrace cultural diversity. They know the students for whom they are responsible and how to accommodate the needs of diverse learners in a positive, caring environment. They value the role of the family in the child’s education and know how to work cooperatively with parents and other caregivers for the child’s benefit. Competent professional educators provide leadership wherever it is needed, always alert for opportunities to use their individual strengths to promote public education and those it serves.

Specific guidelines for defining professional competence are prescribed by the North Carolina State Board of Education, as the body authorized to govern licensure credentials for professional educators, and The University of North Carolina Board of Governors, the body authorized to govern the award of academic degrees for the University of North Carolina system. North Carolina State licensure requirements are aligned with the professional organization standards of the respective licensure area. Specific guidelines defining professional competence are also prescribed by the National Council for the Accreditation of Teacher Education (NCATE), an external accreditation agency.

In summary, UNC Pembroke prepares committed, collaborative, and competent professional educators who are responsive to equity and diversity; who are knowledgeable, effective, and reflective; and who provide leadership in the classroom, school, and profession.

**Teacher Education Program Organization**

The Teacher Education Program at UNCP is a cross-disciplinary program, guided by the Teacher Education Committee and administered by the Dean, School of Education. Some licensure areas or majors are housed in the School of Education and some are housed in their respective academic departments in the College of Arts and Sciences. Information about Teacher Education Program policies and procedures, licensure and testing requirements, special programs, and resources appears in this section.

**Teacher Education Committee**

The Teacher Education Committee is the University-wide committee responsible for overseeing all teacher education programs. Its specific functions include establishing teacher education policies, reviewing all proposed changes to teacher education curriculum, reviewing proposed teacher education programs, reviewing the professional studies component of the program, approving applicants to the Teacher Education Program, approving applicants for the professional semester, assuring compliance with state and national accreditation standards, and considering other matters related to teacher
education. For a comprehensive description of the Teacher Education Committee organization and function, see the Teacher Education Program Policy Manual and the UNCP Faculty Handbook.

Accreditation and Licensure

All teacher education licensure programs are accredited by the National Council for Accreditation of Teacher Education (NCATE), the Council for Accreditation of Counseling and Related Educational Programs (CACREP), and the North Carolina State Board of Education. The North Carolina Department of Public Instruction issues licenses to teach in the public schools of North Carolina. Requirements for licensure are established by the NC State Board of Education and are subject to change. Accreditation provides for reciprocal licensure with other states that recognize interstate reciprocity agreements.

NC State Licensure Examination Requirement

All persons qualifying for licensure in North Carolina in the areas of Elementary Education, Birth-to-Kindergarten Education, and Special Education must pass the designated Praxis II specialty area test(s), as required. Alternative licensure teachers must meet Praxis II requirements as defined by current NC State Board of Education policy. See the program director for information about licensure exam requirements for graduate programs.

The School of Education must receive an official copy of satisfactory scores before a recommendation for licensure can be forwarded to the NC State Department of Public Instruction. Candidates should have their scores sent directly to the University by the testing company. Candidate copies are not accepted. Applications and information about the Praxis II tests are available at the Educational Testing Service website at www.ets.org.

Alternative Routes to Licensure

The UNCP Teacher Education Program offers two alternative pathways to licensure:

- Licensure-only—available in all licensure areas offered by the unit
- Master of Arts in Teaching Program—specializations in art education, middle grades education, music education, physical education and secondary English education, mathematics education, science education, and social studies education. More information about this pathway can be found in the School of Graduate Studies section of the catalog.

Licensure-Only

The North Carolina Department of Public Instruction issues licenses to teach in the public schools. Individuals who already possess a baccalaureate degree must satisfy individually determined requirements for licensure based on previous study and professional experiences. Candidates must apply to UNCP and must have earned a degree from a regionally accredited college or university. In determining requirements for licensure-only candidates, consideration will be given to alternative means of demonstrating the knowledge and competencies for licensure. Licensure-only students are subject to the same Teacher Education Program admission and continuation regulations as degree-seeking students. Additional information is available from the School of Education.

Licensure-only candidates who have an overall Quality Point Average (QPA) of 2.5 at the time the degree was awarded may request a Plan of Study (POS) that is developed based upon his/her educational background and intended licensure area. Official transcripts from each institution attended must accompany the request. Based upon review of the transcript(s) by the School of Education Licensure Office and the appropriate program coordinator, a Plan of Study is developed. Upon successful completion of the prescribed POS, the student may apply for licensure recommendation from The University of North Carolina at Pembroke.

An In-Focus Plan of Study is for licensure-only students who do not have an overall QPA of 2.5 at the time the degree was awarded. Eligibility requirements for an In-Focus Plan of Study are as follows:

- hold at least a bachelor’s degree from a regionally accredited college or university;
- meet the state established scores on Praxis I, SAT, or ACT;
- have an overall grade point average of 3.0 on a minimum of fifteen (15) semester hours
of coursework taken at UNCP relative to licensure (professional studies core, content pedagogy, and essential standards);
• complete a Request for a Plan of Study (POS) form;
• submit an official transcript.

To be admitted into the Teacher Education Program, In-Focus students must have:
1. earned a “C” or better in EDN 2100 (Introduction to Education);
2. earned a grade of at least a “C-” (“C” if the course was repeated) in all professional studies core, content pedagogy, and essential standards courses completed at the time of admission;
3. at least a 2.5 cumulative QPA on a 4.0 scale on all prior college/university course work;
4. satisfactorily completed an admission to the Teacher Education Program interview and;
5. completed a Candidate for Professional Licensure (CPL) form.

An alternative to the QPA requirement (#3 above) provides that In-Focus students must have:
• earned a QPA of 3.0 on a minimum of fifteen (15) hours of course work taken at UNCP relative to licensure (professional studies core, content pedagogy, and essential standards courses)

Another option available for licensure-only students is to have a Plan of Study developed by one of North Carolina’s Regional Alternative Licensure Centers (RALCs). The Plan of Study includes a list of competency areas that the candidate must fulfill to clear his/her license. Upon completion of the specified requirements, the candidate may be recommended for licensure by the RALC. In order for licensure-only students to take courses at UNCP, the candidate must complete an application, which is available from the School of Education website, www.uncp.edu/soe, or from the School of Education Licensure Office. Candidates who have a Plan of Study through RALC will not be eligible for licensure recommendation from UNC Pembroke. Candidates should contact their Local Education Agency (LEA) when they are ready to clear their license.

Special Resources and Facilities
The Curriculum Laboratory: The Curriculum Laboratory, housed in the Educational Center, is an essential part of the Teacher Education Program. It contains professional and instructional materials supporting all licensure programs in the Teacher Education Program. The Laboratory has textbooks used in P - 12 schools with supporting technological resources, teaching units, North Carolina Standard Course of Study, instructional media and equipment, professional journals, curriculum outlines, Praxis I review materials, and equipment and resources for the construction of instructional materials.

POLICIES AND PROCEDURES APPLICABLE TO UNDERGRADUATE INITIAL TEACHER LICENSURE PROGRAMS

Standards for Undergraduate Initial Teacher Licensure Programs
The Teacher Education Program is designed to prepare all undergraduate candidates to meet or exceed the North Carolina Professional Teaching Standards adopted by the Teacher Education Committee in collaboration with public school partners. The Standards are presented in the UNCP Teacher Education Program Teacher Candidate Handbook, the Teacher Education Policy Manual, the Teacher Education Program Internship Handbook, and the Teacher Education Program website.

Curriculum for Undergraduate Initial Teacher Licensure Programs
The program of study, or curriculum, for undergraduate teacher education majors is comprised of four components: General Education, Essential Standards (major), Professional Studies core, and Content Pedagogy. A fifth component, academic concentration, is required in some programs of study (see following section). The General Education component includes study of the fine arts, literature, history, philosophy/religion, the social sciences, the natural sciences, mathematics, and physical education. The Essential Standards (major/licensure area) component is designed to provide in-depth understanding, skills, and knowledge specific to the chosen specialty/licensure area. The Professional Studies core component includes study of the historical, social, psychological, and philosophical foundations of education; human growth and development; ethics; learning theories;
curriculum; instruction; exceptional, diverse, and at-risk children; content area literacy; and the integration of instructional technology. The Content Pedagogy component is designed to help the candidate learn how to teach content to public school students at the targeted age and grade level. The culminating professional development experience for prospective teachers is the senior internship (student teaching) under the direct supervision of a master teacher in a clinical setting.

Outlines of the requirements for each program area (major) follow and may also be found in the catalog sections for the respective academic departments.

**Special Requirement for Undergraduate Initial Teacher Licensure Programs: Academic or Professional Concentration**

As required by the Board of Governors of The University of North Carolina, all students seeking a baccalaureate degree in Elementary Education or Health and Physical Education must complete an academic or professional concentration in a basic academic discipline as part of their degree requirements. A student must have a minimum cumulative QPA of 2.0 in academic and professional concentration courses to receive credit for the concentration. The 18-27 hours comprising these academic and professional concentrations have been selected to provide students with a cohesive study of a basic academic discipline. Academic and professional concentrations are available in American Indian Studies, Art, Biology, English, Exercise and Sport Science, Geography, Geology, History, Mathematics, Music, Physics, Political Science, Psychology, Reading, Spanish, Special Education, and Sociology. Students may choose a second major of 30 hours in Philosophy and Religion rather than an academic or professional concentration. Academic and professional concentration requirements are listed with the respective department.

**Declaration of Major and Advising**

As soon as the student decides to major in teacher education, a Declaration of Major Form should be completed, including securing the required signatures, and submitted to the Office of the Registrar in Lumbee Hall. The form is then processed, and an advisor in the chosen program area is assigned. A major advisor is critical to a student’s timely and efficient progress through the Teacher Education Program.

**Admission to the Teacher Education Program**

The Teacher Education Committee selectively admits and periodically evaluates students in the Teacher Education Program on the basis of scholastic aptitude and suitability for teaching. Admission into the University as a student does not automatically satisfy eligibility requirements for admission to the Teacher Education Program. Eligibility for admission into the Teacher Education Program will be determined by regulations current at the time initial application is made for admission into the program.

To be eligible for consideration by the Teacher Education Committee and approved for admission to the Teacher Education Program, each candidate must:

1. Have not more than 9 hours of the General Education requirements remaining.
2. Have earned a “C” (2.0) or better in EDN 2100 (Introduction to Education) or the approved equivalent course.
3. Have earned a grade of at least a “C-” (C if the course was repeated) in all required professional studies core, content pedagogy, and essential standards courses completed at the time of admission, with the exception of EDN 2100, which requires a grade of “C.”
4. Have at least a 2.5 cumulative Quality Point Average (QPA) on a 4.0 scale on all prior college/university course work.
5. Meet the state established scores on Praxis I, SAT, or ACT. An official copy of the scores must be sent to UNCP. Students must meet the scores in effect at the time they apply to and qualify for admission to the Teacher Education Program [see next section for details].
6. Satisfactorily complete an admission interview after completing all the above requirements.
7. Complete a Candidate for Professional Licensure (CPL) form. CPL forms are available in the School of Education Licensure Office and on the School of Education website.
Students with disabilities who may require special accommodations should consult the Dean of the School of Education.

Students should apply for admission to the Teacher Education Program when all of the requirements for admission have been met. Applications are available in the School of Education Licensure Office and on the School of Education website. (LIMITED PROGRESSION NOTE: Formal admission to the Teacher Education Program is a prerequisite for enrollment in many professional studies core, content pedagogy, and essential standards courses.)

Students will receive written notification from the School of Education that their application for the Teacher Education Program is approved or disapproved by the Teacher Education Committee. A student is not considered admitted to the Teacher Education Program until such notification is received.

Testing Requirement for Admission to the Teacher Education Program

State law requires that an undergraduate student seeking a degree in teacher education must attain passing scores on a pre-professional skills test prior to admission to an approved teacher education program in a North Carolina college or university. Students seeking admission to the Teacher Education Program must satisfactorily complete the Praxis I Series, which includes subtests in reading, writing, and mathematics, or achieve the state established scores on the SAT or the ACT that allow individuals to be exempt from Praxis I testing requirements. Students must meet the required scores in effect at the time they apply to and qualify for admission to the Teacher Education Program. The School of Education must receive an official copy of the scores before the student may be admitted to the Teacher Education Program. Student copies of scores are not acceptable. For more information about testing requirements or other requirements for admission to the Teacher Education Program, students should contact the School of Education.

Continuation in the Teacher Education Program

If a candidate earns a course grade lower than “C-” in a professional studies core, content pedagogy, and essential standards course; if a candidate’s quality point average falls below a 2.5; or if a candidate’s application for admission to the Professional Semester of the Teacher Education Program is disapproved for any reason, the candidate is suspended from the Teacher Education Program. Candidates suspended from the program may not continue to progress in the program until the deficiencies are corrected. Required professional studies core, content pedagogy, and essential standards courses in which a grade lower than a “C-” was earned must be repeated and a grade of “C” (2.0) or better must be earned. Upon correction of the deficiencies, candidates suspended from the program must request reinstatement in writing from the School of Education.

Enrollment in the Professional Semester

Enrollment in the Professional Semester is the culminating experience of the UNCP undergraduate Teacher Education Program. To be eligible for consideration by the Teacher Education Committee and approved for enrollment in the professional semester, each candidate must:

1. Be formally admitted to the Teacher Education Program one full semester (excluding summer sessions) prior to the professional semester. (NC Program Standards).
2. Have not more than six (6) hours remaining of degree requirements at the beginning of the professional semester, excluding those required in the professional semester.
3. The remaining hours shall not include professional studies core or content pedagogy courses. If the remaining hours include essential standards courses, the courses must be approved by the Program Coordinator and the Dean of the School of Education.
4. Upon approval by the Program Coordinator and Dean of the School of Education, the remaining hours taken during the professional semester must be scheduled at the conclusion of the school day, online or during weekends.
5. Have an overall quality point average of 2.5 (on a 4.0 scale) or better as well as a 2.5 or better in the candidate’s major field of study.

Two semesters prior to the internship, each candidate must complete the professional semester enrollment packet, including but not limited to the following items:
1. **Advisor’s Recommendation for Professional Semester** form signed by the candidate’s advisor, program coordinator, and respective department chairperson.
2. **North Carolina Public School Health Examination Certificate** and the **UNCP Health Services Verification** form.
3. **Registrar’s Statement and Application for Degree** form.
4. A résumé.

Candidates with disabilities who may require special accommodations during the Professional Semester should contact the Director of University-School Programs.

Candidates will receive written notification from University-School Programs that their enrollment application was approved or disapproved by the Teacher Education Committee. A candidate is not officially enrolled in the Professional Semester until such notification is made AND all University registration procedures are completed.

### Removal from an Internship Placement

When all reasonable attempts to rectify an unsatisfactory situation fail, the following options may be considered:

- Change of placement
- Voluntary withdrawal (grade of “W”)
- Failure of internship (grade of “F”) or involuntary withdrawal (grade of “W”)
- Extension of placement (grade of “I”)

The Dean of the School of Education selects an appropriate resolution in consultation with the vested parties to include, but not limited to: public school representative(s) from the host school district, the intern’s Program Coordinator, the University Supervisor, the Director of University-School Partnerships, and the intern. The vested parties may recommend the assignment of “withdrawal,” “fail,” or “incomplete” for the internship semester to the professor of record for (a) change of placement, (b) failure or involuntary withdrawal, or (c) extension of placement. The University is in no way obligated to support or accommodate an intern whose conduct violates professional ethics or codes of conduct as defined by the Code of Ethics for NC Educators and the Teacher Education Program Candidate Standards. (See current Student Intern Handbook for additional information.)

### Graduation

Students must apply for graduation. Applications, which are available in the Registrar’s Office, must be submitted at least two semesters before graduation (April 1st of the year prior is the deadline for December graduation; November 1st of the year prior is the deadline for May graduation). Application for graduation is a University policy, separate from any Teacher Education Program policies and procedures.

### Time Limit Policy

Students will have five years from the date of completing course work toward licensure to be recommended by UNCP for initial licensure. After five years have lapsed, a student’s program of study will be reviewed and additional course work may be required before a recommendation will be made for initial licensure.

### Residency Requirements for Teacher Education Programs

Undergraduate students enrolled in one of the licensure programs in teacher education at UNCP will complete a minimum of 30 semester hours (2 semesters) of course work at the University prior to enrollment in the professional semester.

### Transfer Credit for Professional Education Courses

Upon the review and approval from the School of Education, up to nine (9) hours transfer credit may be granted for education courses. For each course for which transfer credit is sought, the student must furnish an official transcript from the institution at which the course was taken. Transfer credit will be accepted only from two- and four-year colleges and universities with teacher education programs approved by at least one of the following: (1) North Carolina State Board of Education; (2) National Council for the Accreditation of Teacher Education (NCATE); (3) Teacher Education...
Accreditation Council (TEAC); or (4) appropriate regional accrediting agencies, such as the Southern Association of Colleges and Schools.

UNDERGRADUATE LICENSURE PROGRAMS
NOTE: Students who desire teacher licensure in any one of the programs outlined below should declare the major as soon as possible in their college career. Consultation with the Program Coordinator or program advisor prior to registering for General Education courses is strongly recommended.

BACHELOR OF ARTS IN ART EDUCATION (K-12)
Coordinator: Tulla Lightfoot
Location: Department of Art

PROGRAM DESCRIPTION
The program of study in Art Education consists of four curricular components: freshman seminar and general education, the essential standards, the professional studies core, and content pedagogy (methods and internship). Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Art Education program is one of 12 teacher education programs offered at UNCP. Art Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Art Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.

PROGRAM STANDARDS
The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES
One goal of the Art Education program is to help prospective art educators develop art insight and technical competence in their chosen area of study as well as groundwork for special interests and needs. Prospective art educators must also demonstrate professional awareness and communication skills concerning their discipline. They must be proficient as art instructors at all grade levels and have a philosophical basis for planning and implementing curricula in a pluralistic society. Students must be able to evaluate art products and procedures and defend their evaluations. More specifically, prospective art educators will:

1. attain a high level of visual literacy of history, criticism, aesthetics and production of art throughout their endeavors of art (art education), beginning to carry out the integration of these four disciplines through the activities of inquiry, production, observation and practice;
2. become familiar with traditional and contemporary art education movements, theories, and issues, demonstrating knowledge of the fundamental principles and the language of art as part of their art theory instruction;
3. possess a comprehensive and integrated understanding of the visual arts, crafts, and art history;
4. be knowledgeable about the various techniques, materials, and studio procedures of art production and be able to translate those processes into sequentially based curricula for diverse learners;
5. gain knowledge, in the classroom and during field experiences, of the structure, procedures, and processes found in schools as related to the special area of art education;
6. know and understand the developmental stages (both cognitive and affective domains) and be able to structure lessons that are developmentally appropriate; and
7. take an active role in instructional planning, presentation, the uses of instructional technology, and assessment, taking into consideration the diversity of the population.

**BACHELOR OF SCIENCE IN BIRTH-KINDERGARTEN EDUCATION (B-K)**

Coordinator: Irina Falls

Location: Department of Educational Specialties

**PROGRAM DESCRIPTION**

The program of study in Birth-to-Kindergarten Education consists of four curricular components: freshman seminar and general education, the professional studies core, the essential standards area, and content pedagogy (methods and internship). Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Birth-to-Kindergarten Education program is one of 12 teacher education programs offered at UNCP. Birth-to-Kindergarten Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Birth-to-Kindergarten Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.
PROGRAM STANDARDS

The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

NORTH CAROLINA BIRTH-KINDERGARTEN PROGRAM STANDARDS

The goals of the Birth-Kindergarten program are to prepare preservice and inservice Birth-Kindergarten professionals with the knowledge, skills, and dispositions needed to effectively serve infants, toddlers, preschoolers, and their families in diverse settings. Our program is based on the following six standards as established by the North Carolina Department of Public Instruction.

The successful Birth-Kindergarten professional will
1. have a comprehensive knowledge of typical as well as atypical patterns of child development;
2. foster relationships with families that support children’s development and learning;
3. build community partnerships in support of children and families;
4. use authentic, ongoing assessment of children’s abilities in order to plan, implement, and evaluate programs that build upon each child’s unique strengths;
5. create and adapt environments and intentionally plan and implement an integrated curriculum that facilitates every child’s construction of knowledge and provides a strong foundation for lifelong learning;
6. provide an integrated curriculum derived from Infant-Toddler Guidelines, Foundations for Early Learning, and the Kindergarten Common Core Standards which includes the following areas: emotional/social development; physical development, health, nutrition, and safety; and cognitive development.

PRESCHOOL ADD-ON LICENSURE
Preschool add-on licensure is available to individuals holding a clear license in Elementary Education, Family and Consumer Sciences, or Special Education. Plans of study, approximately 12-18 hours of coursework, are tailored to meet the needs of individuals with licensure in each of the three areas of study. Consult the School of Education Licensure Office for further details.

BACHELOR OF SCIENCE IN ELEMENTARY EDUCATION (K-6)
Coordinator: Kelly Ficklin
Location: Department of Elementary Education

PROGRAM DESCRIPTION
The program of study in Elementary Education consists of five curricular components: freshman seminar and general education, the essential standards, content pedagogy (methods and internship), the professional studies core, and academic concentration. Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Elementary Education program is one of 12 teacher education programs offered at UNCP. Elementary Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Elementary Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.

PROGRAM STANDARDS
The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES
The goal of the Elementary Education program is to guide the professional development of teacher candidates who are morally and ethically committed to the learning, development, and well-being of all elementary children and who possess the knowledge, skills, and dispositions needed to guide the cognitive, social, emotional, and physical development of diverse learners in ways that inspire, engage, and affirm. The specific objectives for elementary education candidates are delineated in the UNCP Teacher Education Program Teacher Candidate Handbook. Briefly, the objectives of the program are

1. to develop a broad, informed worldview sensitive to the values and perspectives of diverse peoples;
2. to acquire the key concepts and tools of inquiry in the science disciplines, the literary disciplines, the social studies disciplines, the physical education and health disciplines, and the arts disciplines;
3. to acquire knowledge of the theories and principles of human growth and development;
4. to understand the major determinants of curriculum in the elementary schools, including the
Common Core and Essential Standards;
5. to know how to plan instruction and employ a variety of instructional strategies including
technology to meet the needs of diverse learners;
6. to understand the role of assessment in cycles of teaching and learning and to develop the
disposition to reflect critically and integrate knowledge and experience into a coherent
conceptual framework.

lish Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The English Education program is accredited by the National Council of Teachers of English, the National Council for Accreditation of Teacher Education (NCATE), and the NC State Board of Education.

PROGRAM STANDARDS:

The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES

The goals of the UNCP English licensure program are that students will increase their knowledge of and competence in the language arts and will be prepared to become effective teachers in the English classroom and to function as contributing English professionals. The objectives of the program are that students will

1. understand such areas of the English language as historical and developmental perspectives, grammar systems, and dialects/levels of usage;
2. read and respond in various ways to works of American, British, and world literature, including literature by women, minorities, and non-western writers;
3. become acquainted with traditional and contemporary literature appropriate for adolescents and become aware of ways to encourage a variety of reader response to such literature;
4. experience and study both the writing process and written products for diverse purposes and audiences, completing a variety of writing tasks and studying pedagogical techniques appropriate to working with diverse learners;
5. be exposed to materials and methods for teaching reading, writing, speaking, listening, and viewing;
6. practice instructional planning, presentation, and assessment in the field of English, understanding the necessity of critical reflection in the entire instructional process;
7. learn how to use diversity of learners, technology, and community resources as strengths in the English classroom; and
8. gain a sense of professionalism through exposure to positive pedagogical models in their course work, through structured, monitored early field experiences, and through an extended supervised student teaching experience.

I. Core Requirements

SPE 2000 Interpersonal Communication or SPE 2010 Fundamentals of Speech
Foreign language competency at the 1320 course level**—0-6 hours
ENG 2050 World Literature before 1660 or ENG 2060 World Literature after 1660
ENG 2230 American Literature before 1865 or ENG 2240 American Literature since 1865
ENG 2470 British Literature before 1790 or ENG 2480 British Literature after 1790
ENG 3040 Principles of Literary Study
ENG 4570 Shakespeare (fall only)
ENGS 4xxx (numbers vary) Seminar in Literature
II. Additional Required Courses: Select six (18 hrs.) from list below with approval of coordinator/English advisor***:

One 2000-level multicultural course: ENG 2010 Southern Literature, ENG 2020 Contemporary Literature, ENG 2080 Women's Literature, ENG 2090 Literature and Film, ENG 2100 African American Literature, ENG 2180 Asian American Literature, ENG 2190 Latino Literature, ENG 2200 Native American Literature, or ENG 2410 Environmental Literature

No more than two composition/rhetoric courses: ENG 2990 Writing Center Theory and Practice***, ENG 3570 History of Rhetoric, ENG 3580 Professional Writing, ENG 3700 Advanced Composition, ENG 4250 African American Rhetorics, and ENGS 4090-4129 Special Topics in Composition and Rhetoric

ENG 3100 The Harlem Renaissance
ENG 3110 Medieval British Literature
ENG 3120 Early Modern British Literature
ENG 3130 The American Renaissance
ENG 3140 American Literature in Transition, 1870-1914
ENG 3150 British Romantic Literature
ENG 3160 Victorian Literature
ENG 3170 Post-Colonial Literature
ENG 3250 Language in Society
ENGS 33xx Special Topics in Literature
ENG 3420 The British Novel
ENG 3430 The American Novel
ENG 3440 Native American Novel
ENG 3460 Aspects of the English Language***
ENG 3470 Native American Poetry
ENG 3540 Modern Drama
ENG 3560 Modernist Fiction
ENG 3660 Modernist Poetry
ENG 3670 Contemporary Fiction
ENG 3680 Contemporary Poetry
ENG 3710 English Grammar***

One advanced creative writing course: ENG 3740 Writing Poetry II, ENG 3750 Writing Fiction II, or ENG 3760 Writing Creative Nonfiction II

ENG 4020 Literary Criticism
ENG 4230 or 4240 Special Topics in American English

One ESL course: ENG 4810 Phonetics and Phonology, ENG 4830 Second Language Acquisition, or ENG 4850 Cultural Issues of English as a Second Language

English Education majors will select one 1-hour production course:
ENG 2860 Literary Magazine Production, JRN 1820 Yearbook Production, JRN 1610 Newspaper Production, THE 1620 Play Production****

Professional Studies Core

EDN 2100 Introduction to Education

- TESL 4890/5890 Applied Pedagogy of Teaching English as a Second Language 3

BACHELOR OF SCIENCE IN HEALTH/PHYSICAL EDUCATION (K-12)

Coordinator: Denny Scruton
Location: Department of Health, Physical Education, and Recreation

PROGRAM DESCRIPTION

The program of study in Health/Physical Education consists of four curricular components: freshman seminar and general education, the essential standards, the professional studies core, content pedagogy (methods and internship), and academic concentration. Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Health/Physical Education program is one of 12 teacher education programs offered at UNCP. Health/Physical Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Health/Physical Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.
PROGRAM STANDARDS
The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES
The goal of the Health/Physical Education program is to enable the prospective physical educator to acquire knowledge of the processes underlying wellness, fitness, health, exercise, and recreation in relationship to educating the physical, mental, and social human. More specifically, the student will
1. learn teaching strategies, curriculum planning, evaluation approaches, and research methods;
2. learn how to meet the individual learning needs of diverse learners, typical or atypical;
3. learn how to adapt the physical education program to the academic, social, and physical developmental needs of diverse K-12 learners;
4. learn the professional literature and how to research that literature;
5. develop affiliations with various professional communities at the local, state, and/or national levels;
6. learn how to select and evaluate curricular materials, select appropriate instructional methods, and use equipment appropriate for different levels and types of physical education instruction.

BACHELOR OF SCIENCE IN MATHEMATICS EDUCATION
SECONDARY MATHEMATICS EDUCATION 9-12 CONCENTRATION AND
MIDDLE GRADES MATHEMATICS EDUCATION 6-9 CONCENTRATION

Coordinator: Melissa R. Edwards

Location: Department of Mathematics and Computer Science

PROGRAM DESCRIPTION

The program of study in Mathematics Education consists of four curricular components: freshman seminar and general education, the essential standards, the professional studies core, and content pedagogy (methods and internship). Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Mathematics Education program is one of 12 teacher education programs offered at UNCP. Mathematics Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Mathematics Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.

PROGRAM STANDARDS

The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES

The Mathematics Education program recognizes that teaching mathematics is a complex endeavor. Pre-service teachers of mathematics need to be involved in developing their knowledge, skills, understandings, and dispositions to teach mathematics to diverse learners. The goal of the Mathematics Education program is to prepare effective and professional mathematics teachers who are ready to make positive contributions to the mathematical development of middle and high school students in diverse settings. To accomplish this goal, the Mathematics Education program will

1. provide students with a solid foundation and understanding of mathematics.
2. enable students to appreciate both the aesthetic and practical aspects of mathematics.
3. provide experiences that will help students see that they will need to have a variety of teaching and learning strategies available at all times.
4. provide students with current theories regarding the psychological development of the learner and an understanding of human dynamics found in the home, the school, and the community.
5. demonstrate methods of evaluating student learning, textbooks, the curriculum, educational techniques, and the educational process as a whole.
6. prepare students to deal with a diverse population that has a broad spectrum of needs, aspirations, and expectations for themselves and others.
7. provide a consideration of societal needs that are satisfied by applications of and careers based on mathematics and technology.

8. stress the importance to a teaching professional of keeping abreast of current trends in mathematics education through the reading of professional journals and participation in mathematics workshops, institutes, conferences, professional meeting and in-service programs.

The specific objectives supporting each goal are described fully in the Teacher Education Student Handbook.

The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

**PROGRAM GOALS AND OBJECTIVES**

The goal of the Music Education program is to provide comprehensive training for teachers of vocal and instrumental music. These students will have a solid foundation in the liberal arts and musical experiences which will develop their cultural sensitivity while providing programs and concerts to enrich the cultural life of the university and the community. Specifically, students majoring in Music Education will

1. a) demonstrate a mastery of performance skills in at least one major medium, b) have an adequate level of keyboard proficiency, c) participate in both large and small ensembles, and d) acquire suitable conducting and rehearsal skills;
2. demonstrate both aural and analytical skill encompassing an understanding of the basic elements of music, its forms, processes, and structures as well as the ability to place music into its proper historical, cultural, and stylistic context;
3. demonstrate the ability to create (compose and improvise) derivative or original music;
4. demonstrate knowledge of music history and literature of both Western and non-Western origin;
5. demonstrate a knowledge of current music technology;
6. demonstrate a thorough knowledge of the North Carolina Standard Course of Study (K-12);
7. demonstrate the ability to a) use comprehensive assessment, b) create and foster dynamic learning environments, c) use diversity as a strength in the classroom, d) model attitudes and behaviors that reflect professional and ethical standards, e) interact effectively with others in the school, the community, and beyond, and f) advocate for quality music programs; and
8. demonstrate a) the ability to work independently, b) the ability to formulate and defend value judgments about music, and c) an understanding of the interrelationships and interdependencies among the various professions and activities that constitute the music enterprise.

**Course Requirements**

**Freshman Seminar and General Education**

**Essential Standards**—Select one Emphasis (*6 semester hours may count toward General Ed)

**Vocal Emphasis:**

- 7 hours of a Major Ensemble (at least 4 hours of MUS 1001 University Chorale and up to 3 hours of MUS 1381 Pembroke Singers)
- MUS 1810 Class Piano I for Music Majors or MUSP 1021 Private Piano
- MUS 1820 Class Piano II for Music Majors or MUSP 1021 Private Piano
- MUS 2810 Class Piano III for Music Majors or MUSP 1021 Private Piano
- MUS 1140, 1150, 2140, 2150 Theory I, II, III, IV and MUSL 1140, 1150, 2140, 2150 Lab I, II, III, IV
- MUS 2250, 2260, 2270, 2280 Class Woodwind, Brass, Percussion, and Strings
- MUS 2290 Vocal Methods
- MUS 2450 Music Technology

Sem. Hrs. 63

*45(39)*
Essential Standards—Select one Emphasis (*6 semester hours may count toward General Ed)

Vocal Emphasis (cont.):
- MUS 2540 Introduction to Music Education
- MUS 2930 World of Music: Classical to the Contemporary Era
- MUS 2940 World of Music: Antiquity to the Baroque Era
- MUS 3970 World of Music: A Global Study
- MUS 3290 Conducting
- MUS 3301 Rehearsal Strategies
- MUS 3340 Orchestration and Arranging
- MUS 4040 Senior Recital

Instrumental Emphasis:
- 1 hour of MUS 1001 University Chorale
- 7 hours of MUS 1411 or 1161 Concert Band or Orchestra
- MUS 1810 Class Piano I for Music Majors or MUSP 1021 Private Piano
- MUS 1820 Class Piano II for Music Majors or MUSP 1021 Private Piano
- MUS 1140, 1150, 2140, 2150 Theory I, II, III, IV and MUSL 1140, 1150, 2140, 2150 Lab I, II, III, IV
- MUS 2250, 2260, 2270, 2280 Class Woodwind, Brass, Percussion, and Strings
- MUS 2290 Vocal Methods
- MUS 2450 Music Technology
- MUS 2540 Introduction to Music Education
- MUS 2930 World of Music: Classical to the Contemporary Era
- MUS 2940 World of Music: Antiquity to the Baroque Era
- MUS 3970 World of Music: A Global Study
- MUS 3290 Conducting
- MUS 3301 Rehearsal Strategies
- MUS 3340 Orchestration and Arranging
- MUS 4040 Senior Recital

Keyboard Emphasis (Vocal Orientation):
- 4 hours of a Major Ensemble (at least 2 hours of MUS 1001 University Chorale and up to 2 hours of MUS 1381 Pembroke Singers)
- MUS 1140, 1150, 2140, 2150 Theory I, II, III, IV and MUSL 1140, 1150, 2140, 2150 Lab I, II, III, IV
- MUS 2250, 2260, 2270, 2280 Class Woodwind, Brass, Percussion, and Strings
- MUS 2290 Vocal Methods
- MUS 2450 Music Technology
- MUS 2540 Introduction to Music Education
- MUS 2930 World of Music: Classical to the Contemporary Era
- MUS 2940 World of Music: Antiquity to the Baroque Era
- MUS 3970 World of Music: A Global Study
- MUS 3290 Conducting
- MUS 3301 Rehearsal Strategies
- MUS 3340 Orchestration and Arranging
- 3 hours of MUS 3351 Accompanying
- MUS 4040 Senior Recital
- MUS 4250 Piano Pedagogy
Keyboard Emphasis (Instrumental Orientation):
1 hour of MUS 1001 University Chorale
4 hours of MUS 1411 or 1161 Concert Band or Orchestra
MUS 1140, 1150, 2140, 2150 Theory I, II, III, IV and MUSL 1140, 1150, 2140, 2150 Lab I, II, III, IV
MUS 2250, 2260, 2270, 2280 Class Woodwind, Brass, Percussion, and Strings
MUS 2290 Vocal Methods
MUS 2450 Music Technology
MUS 2540 Introduction to Music Education
MUS 29301 World of Music: Classical to the Contemporary Era

Keyboard Emphasis (Instrumental Orientation) (cont.):
MUS 3970 World of Music: A Global Study
MUS 3290 Conducting
MUS 3301 Rehearsal Strategies
MUS 3340 Orchestration and Arranging
3 hours of MUS 3351 Accompanying
MUS 4040 Senior Recital
MUS 4250 Piano Pedagogy

All students: Applied Music (MUSP) 14 hours

Professional Studies Core
- EDN 2100 Introduction to Education
- EDN 3150 Developmental Perspectives of Educational Psychology
- SED 3310 Introduction to the Exceptional Child

Content Pedagogy
- MUS 4000 Elementary Music Methods and Materials
- MUS 4050 Secondary General and Choral Music Education Methods (Vocal Emphasis and Keyboard Emphasis [Vocal Orientation])
- MUS 4200 Secondary Instrumental Music Methods (Instrumental Emphasis and Keyboard Emphasis [Instrumental Orientation])
- MUS 4750 Professional Seminar for Pre-Service Teachers
- MUS 4490 Internship

Total: 128

1MUS 2940 fulfills the Fine Arts requirement in General Education.
2MUS 2930 fulfills the Humanities (Fine Arts) Elective requirement in General Education.

BACHELOR OF SCIENCE IN SCIENCE EDUCATION (9-12, 6-9)
Coordinator: Mary Ash
Location: Department of Biology

PROGRAM DESCRIPTION
The program of study in Science Education consists of four curricular components: freshman seminar and general education, the essential standards, the professional studies core, and content pedagogy (methods and internship). Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.
The Science Education program is one of 12 teacher education programs offered at UNCP. Science Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Science Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.

PROGRAM STANDARDS
The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES
The goal of the Science Education program is to prepare competent science teachers committed to the development of scientific literacy in diverse secondary school learners. The program helps the prospective science educator integrate the knowledge bases underlying the curricular areas of science into an internal framework of their own through collaboration with peers, university faculty, and public school partners. The prospective science teacher should possess the following characteristics:

1. an understanding of unifying concepts of science and how this knowledge will enable students to deal with personal and social problems intelligently;
2. an understanding of the nature of science and the historical development of scientific thought;
3. an understanding of the interrelationships between science, mathematics, technology, and society;
4. an understanding of how science contributes to the personal development of diverse individuals;
5. an understanding of developmentally appropriate instructional methods and curriculum of science, to include inquiry-based instruction, assessment techniques, and the integration of technology;
6. the communication skills necessary for effective teaching, as well as, the skills necessary for effective classroom management;
7. an understanding of the role of research in science education;
8. an awareness of the importance of incorporating best practices into science classrooms through lifelong professional development;
9. an awareness of the safety precautions specific to classroom, stockroom, laboratories, and other areas used for science instruction.
10. the ability to collaborate with colleagues, families, and community members to improve science instruction for all students.

**BACHELOR OF ARTS IN HISTORY: SOCIAL STUDIES EDUCATION**
SECONDARY SOCIAL STUDIES EDUCATION 9-12 CONCENTRATION or MIDDLE GRADES SOCIAL STUDIES EDUCATION 6-9 CONCENTRATION
Coordinator: Jeffrey K. Lucas
Location: Department of History

**PROGRAM DESCRIPTION**
The program of study in Social Studies Education consists of four curricular components: freshman seminar and general education, the essential standards, the professional studies core, and content pedagogy (methods and internship). Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach secondary or middle grades social studies in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Social Studies Education program is one of 12 teacher education programs offered at UNCP. Social Studies Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Social Studies Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.

**PROGRAM STANDARDS**
The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

**PROGRAM GOALS AND OBJECTIVES**
The goal of the Social Studies Education program is to educate effective, professional social studies teachers who have a solid foundation in the liberal arts; an academic major in history and a strong concentration in the social sciences; and the skills and attitudes essential for preparing middle grades and secondary school students for responsible citizenship in a multicultural, democratic society and an interdependent world. Teaching social studies, which includes “the entirety of human experience,” requires that students

1. know the major periods of United States, North Carolina, World, European, African, Asian, and Latin American history and identify the basic political, social, economic, cultural, and geographical themes of each period;
2. recognize the influence of each civilization upon the world and acknowledge the European heritage of significant United States institutions;
3. situate significant current events within an historical framework and recognize their interrelatedness;
4. understand the nature, content, and concepts of the social science disciplines (Anthropology, Economics, Geography, Political Science, and Sociology) and apply social science concepts to the study of individuals, societies, and institutions;
5. develop constructive attitudes toward diversity, pluralism, change, conflict, and uncertainty;
6. understand the historical and contemporary place of Social Studies in public education, with particular attention to the current North Carolina Social Studies curriculum, and become familiar with recent trends and their significance for social studies educators;

7. formulate appropriate objectives and utilize a variety of effective instructional strategies, resources, and assessment techniques which are designed to develop the skills of inquiry, decision-making, problem solving, and critical thinking;

8. develop classroom management skills consistent with current professional standards, respect for all individuals, fairness, and a positive classroom climate;

9. exhibit a working knowledge of instructional technology and the ability to integrate appropriate Computer Based Instructional resources and strategies into social studies instruction;

10. complete a sequenced program of field experiences and professional activities that develop a respect for the profession, a sense of individual competence, and an appreciation for continual reflective practice, collaboration, and professional development.

Course Requirements for secondary and middle grades teacher candidates

Sem. Hrs. 45(27)*

Essential Standards (*18 semester hours of Social Sciences and History may also count toward General Ed)

BACHELOR OF ARTS IN SPANISH  
WITH TEACHER LICENSURE (K-12)  
Coordinator: Ana Cecilia Lara  
Location: Department of English, Theatre, and Foreign Languages

PROGRAM DESCRIPTION  
The B.A. in Spanish with Teacher Licensure program consists of four curricular components: freshman seminar and general education, the essential standards, the professional studies core, and content pedagogy (methods and internship). Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Spanish licensure program is one of 12 teacher education programs offered at UNCP. Spanish licensure candidates are subject to Teacher Education Committee Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Spanish licensure program is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.

PROGRAM STANDARDS  
The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES  
1. Students who complete a major in Spanish will acquire
   • A broad, balanced, and practical knowledge and understanding of Spanish language through the four skills of reading, writing, speaking, and listening and through advanced grammar, composition, and conversation;
   • A comprehensive knowledge of Peninsular and Spanish-American literature, culture, and civilization.

2. Students who complete a major in Spanish will acquire the ability and skills to
   • Demonstrate near fluency or fluency in reading, writing, speaking, and comprehending Spanish;
   • Converse in everyday situations and also use professional language;
   • Write effectively in a clear, standard Spanish about a variety of topics;
   • Listen to, understand, and identify varieties of Spanish spoken in the Hispanic world;
   • Read and comprehend a variety of texts.

3. Students who complete a major in Spanish will develop appropriate dispositions to
   • Participate in entry-level positions requiring knowledge of the Spanish language;
• Enroll in and complete graduate school successfully;
• Work with the Hispanic community throughout their productive lives;
• Have an enhanced appreciation for all aspects of Spanish, including historical and contemporary issues;
• Have an enhanced appreciation for people of Hispanic backgrounds;
• Recognize the importance of formal language study for use and more effective competition in the global marketplace, whether in schools, in medical and social services, or in corporate business.

BACHELOR OF SCIENCE IN SPECIAL EDUCATION (K-12)
Coordinator: Marisa Scott
Location: Department of Educational Specialties

PROGRAM DESCRIPTION
The programs of study in Special Education consist of five curricular components: freshman seminar and general education, the professional studies core, the essential standards area, content pedagogy (methods and internship), and content area focus. Upon successful completion of the program and related requirements, graduates are eligible for a Standard Professional I license to teach in the State of North Carolina. The NC Department of Public Instruction issues the teaching license based on University recommendation.

The Special Education program in General Curriculum is one of 12 teacher education programs offered at UNCP. Special Education majors are subject to Teacher Education Program policies, admission requirements, continuation requirements, and graduation requirements. For more information about teacher education policies and requirements, turn to the previous section.

The Special Education programs are accredited by the National Council for Accreditation of Teacher Education (NCATE) and the NC State Board of Education.

PROGRAM STANDARDS
The Teacher Education Program standards for all education majors are described fully in the UNCP Teacher Education Program Teacher Candidate Handbook.

PROGRAM GOALS AND OBJECTIVES
The goal of the Special Education Program is to prepare effective and qualified professionals that provide research-validated instruction and behavior supports to maintain at grade level students with disabilities who are enrolled in the North Carolina Standard Course of Study. The following are the objectives for the undergraduate Special Education Program.

The effective and qualified pre-service special educator
1. acquires basic skills, knowledge, and attitudes in a wide variety of disciplines including the arts and the humanities, natural sciences and mathematics, and the social sciences.
2. develops the ability to analyze.
3. experiences a interdisciplinary curriculum which emphasized the interrelationship of the culture, research and practices deemed appropriate and necessary in educational and social settings.
4. completes an Academic or Professional Concentration (Reading is suggested) of sufficient depth and breadth to complement and strengthen their overall program of studies and area of specialization.
5. acquires knowledge and understanding of human growth and development; foundations of education; the purpose, organization, and administration of the schools; the teaching-learning process; positive behavior supports; collaboration with general education teachers; curriculum; and methodology.
6. demonstrates necessary competencies through systematic field experiences at both the elementary and secondary level, and a culminating and comprehensive student teaching internship.

7. develops a broad background in the various categories of exceptional, diverse, and at-risk students, and demonstrates special skills in teaching students with mild disabilities across various content areas and ages; and in various settings.

8. demonstrates appropriate communication skills and a professional attitude for collaboration with parents, school personnel, and other related professionals.

9. demonstrates a diagnostic-prescriptive orientation toward instruction and behavior intervention, and is able to offer intensive and explicit individual and small group instruction.

10. provides leadership in implementing special education procedures and policies.

11. experiences, through personal investigation and growth, increased self-actualization, and in turn, foster self-worth and confidence through positive interaction with learners who have mild disabilities.

Course Requirements

Freshman Seminar and General Education

Professional Studies Core

- EDN 2100 Introduction to Education
- EDN 3130 Content Area Reading
- EDN 3150 Developmental Perspectives of Educational Psychology
- RDG 2000 Foundations of Reading and Language Acquisition
- SED 3310 Introduction to the Exceptional Child

Essential Standards

- EDN 2900 Research and Writing in Education
- SED 3040 Working with Families of Diverse Students with Disabilities
- SED 3110 Assistive Technology
- SED 3320 Special Education Law, Policies, and Procedures
- SED 3330 Teaching Students Who Need Adaptive or Functional Curricula
- SED 3350 Assessment of Students with Mild/Moderate Disabilities

Essential Standards (cont.)

- SED 4030 Collaboration in School and Community for School Professionals
- SED 4250 Transition Planning for Students with Disabilities

Content Pedagogy

- SED 3340 Instructional Strategies for Students With Mild to Moderate Disabilities
- SED 4310 Discipline and Classroom Management
- SED 4320 Classroom Considerations and the IEP for Special Education Students
- SED 4330 Diagnosing and Remediating Mathematics Problems
- SED 4340 Diagnosing and Remediating Reading and Writing Problems
- SED 4360 Professional Seminar for Special Education Teacher Candidates
- SED 4960 Internship for Special Education Teacher Candidates
**Content Area Option** (13-16 depending upon selection)

Special Education majors are required to select one of the three (3) content areas:

**English Language Arts/ELA Content Area (15 hours)**
ENG 3460. Aspects of the English Language (3); ENG 3710. English Grammar (3); RDG course (3); RDG 3100. Teaching with Children’s Literature (3); RDG 3200. Diagnosis and Remediation of Reading Difficulties (3)

**Mathematics Content Area (13-15 hours)**

Total: 124-127

**ACADEMICALLY AND INTELLECTUALLY GIFTED (AIG) EDUCATION ADD-ON LICENSURE**

Coordinator: Karen Granger
Location: Department of Educational Specialties

This program is designed to lead to North Carolina add-on licensure in Education of the Academically or Intellectually Gifted (AIG), K-12. This add-on licensure program requires 12 semester hours of study beyond licensure in an academic content area or grade level. The required courses for the AIG Licensure program at UNCP will be delivered in online and/or hybrid formats. Upon completion of the program, students can add this area to either the Standard Professional I or “M” license. A valid North Carolina Teaching License and a Plan of Study from the School of Education are required.
