I am pleased to announce the launch of UNC Pembroke’s Governance website.

The Governance site—located on the Chancellor’s Office website—includes links to university groups that play a role in governance, including the Board of Governors, the Board of Trustees, Staff Council, and Faculty Senate. In addition there are links to resources that provide more information on how UNC Pembroke governs itself, including an organizational chart of the senior administration and a link to a site designated for UNC Pembroke’s committees. Please note that the Committees page has been a work in progress for several weeks, and there may still be some wrinkles in the content. Please send corrections or suggestions to lisa.canada@uncp.edu.

I encourage you to use this site as a portal to the governing bodies, mechanisms, and institutional committees that support decision making at UNC Pembroke.

Here is the URL:
