SUCCESS!!!

Our students work hard to accomplish the goals they set for themselves. It’s wonderful to hear that our students are moving on to health professional graduate programs of their choice.

UNCP/HCAP Students Reach Their Goals

Many UNCP/Health Career students visit the office day in and day out looking for assistance to get into the health professional programs of their choice. Our students participate in various summer programs on campus such as the Clinical Health Summer Program (CHSP) as well as other academic developmental programs off campuses across the state.

As the fall 2012 year quickly approaches, many of our students applied to their health professional graduate programs and summer programs of choice and awaited the results. Finally the results are in and we have to honor our HCAP students and wish them the best of luck.

CONGRATULATIONS

Health Professional Programs – Fall 2012

Leslie Lovette – PA, Methodist University
Samantha Hammonds – Pharmacy, Campbell University
Nicholas Locklear – Pharmacy, Wingate
Cynthia Correa – Podiatric Medicine, Ohio University Podiatric School of Medicine
Kasey Oxendine – Dental, ECU
Elicia Dellinger – Optometry (POP Program), Nova University

Question: What do you think prepared you the most for acceptance into your program?
Answer: “I think what has prepared me the most for Optometry School is job shadowing… you can never get enough experience in the field and the more exposure you get, the more background you will have when you get in school and in the field.”

Elicia Dellinger

Question: What do you have to say to future health professional hopefuls?
Answer: “What I would advise students pursuing a career in the medical field is to be opened minded. Explore all your options before being set on one goal. Above all keep a positive attitude no matter if the end results are not what you wanted.”
