

HCAP/HEALTH CAREERS CLUB HIGHLIGHTS

Volume 3 Issue 1

UNC PEMBERKE

NEW YEAR, NEW SERVICES

First of all, the HCAP Office staff extends to all of our students, a great big HAPPY NEW YEAR! The year 2013 is going to be a very exciting year for HCAP. Earlier in the month, we have started a newly revised test prep structured program offered through our office. As you know, we are committed to assisting our students in reaching their graduate health professional programs of choice. A requirement for all health related graduate programs is a standardized test. The two most familiar tests include the Graduate Record Examination (GRE) and the Medical College Admissions Test (MCAT). Our newly revised test prep tutoring sessions are dedicated to students who are interested in health professional graduate programs such as medicine, physician assistant, physical therapy, etc. The structured sessions are operated by our three student assistants, Jarrod Bullard, Matt Dial, and Victoria Locklear. The sessions will be offered throughout the entire 2013 spring semester. There are two separate prep groups, one designed for the MCAT and the other for the GRE. We have had lots of students who have expressed interest in the new test prep sessions. However, we had a limited number of spots so we had to limit the number of students who could participate in the HCAP program. The sessions requires the student to meet with the student assistants a minimum of 4 hours each week. Students will learn strategies to assist them on the test as well as knowledge needed to achieve a competitive score. We have 23 participants and we wish all future success as they begin this extensive study preparation.

HCAP SUMMER PROGRAM UPDATE

Each year, HCAP offers a popular summer program called the Clinical Health Summer Program (CHSP). This program is offered during the summer of each year. Students are placed in local health professional offices including physicians, dentists, physician assistants, nursing, pharmacists, etc. Students gain hands and/or shadowing experience in their health professional field of choice. As of this month, we have had numerous applicants interested in participating in CHSP. The application is still available and the deadline is February 15th 2013. In order to apply visit www.uncp.edu/hcap.

UPCOMING DEADLINES

***CHSP Deadline
February 15th 2013**

***UNC-CH SEP
Deadline:
February 15th, 2013**
