Andy's Philosophy

Eating at Andy's is an experience. The open grill allows you to watch our cooks prepare your food or maybe make you a fresh squeezed lemonade or orangeade. You can relax and enjoy the pleasant environment, listen to music from days gone by, and savor the delicious food. It takes a little longer to eat at Andy's because the food is prepared to order, nothing is pre-packaged or stale from a heat lamp. At Andy's you will receive your meal piping hot, straight from the grill exactly the way you requested. You will receive quality service from our wait-staff because you are very valuable to us. In this fast-paced society, values such as quality food, excellent service, and affordable prices are sometimes lost. At Andy's we care that your experience with us is enjoyable. The philosophy behind Andy's is not complicated. At Andy's you get great food at an affordable price in the attractive decor of a full-service restaurant.
