

Configuring Android Phone for Office 365 Email Using Outlook Application (UNCP Faculty & Staff)

<p>1. Download and install the Outlook application from the Google play store.</p>	
<p>2. Launch the Outlook mobile app  and click on the "Get Started" button.</p>	
<p>3. Enter your email address as username@uncp.edu (where <i>username</i> is your UNCP network account username). Click "Continue".</p>	

4. The app will then switch over to the Office 365 login screen. Enter your UNCP network account password and click “Sign in”.

5. Click on “Maybe Later” to skip adding another account.

6. You're done! Your emails should start to sync and appear.
