

ECAR 2012

Study of Students and Technology

The University of North Carolina at Pembroke

AGE

% respondents (N=210)

- | | |
|----------------|---------|
| • 18 to 24 | • 58.5% |
| • 25 to 39 | • 25.2% |
| • 40 and above | • 16.1% |

Participant characteristics

CLASS

% respondents (N=210)

- First year • 27.6%
- Sophomore • 12.8%
- Junior • 33.8%
- Senior • 25.7%

Participant characteristics

DEVICE USE AND OWNERSHIP

Slides 5 to 10

Laptops

- 92.2% of respondents report using laptops
- Of those that use laptops, 92.7% report owning laptops
- Most, 84.5%, have Windows OS on the laptops they use (followed by MacIntosh, 11.7%)
- 88.3% of users report that laptops are very or extremely important to their academic success

Tablets

- 18.6% of respondents report using tablets
- Of those that use tablets, 94.5% report owning tablets
- Most, 62.5%, have iOS on the tablets they use (followed by Android, 20.8%)
- 45.8% of users report that tablets are very or extremely important to their academic success

Devise use and ownership

Smartphones

- 59.1% of respondents report using smartphones
- Of those that use smartphones, 96.7% report owning them
- Most, 67.0%, who have used them have Android smartphones (followed by iPhones, 25.6%)
- 41.4% of users report that smartphones are very or extremely important to their academic success

Dedicated e-readers

- 17.2% of respondents report using dedicated e-readers
- Of those that use tablets, 94.4% report owning dedicated e-readers
- Most, 53.8%, use Kindle (followed by Nook, 23.0% & Other, 23.0%)
- 30.6% of users report that dedicated e-readers are very or extremely important to their academic success

Device use and ownership

• **Desktop computers**

- 66.7% of respondents report using desktop computers
- Of those that use desktops, 52.8% report owning them
- Most, 91.9%, who have used desktops have had a Windows OS (followed by Macintosh, 5.1%)
- 65.3% of users report that desktop computers are very or extremely important to their academic success

Devise use and ownership

Area	Percentage
Access library resources	24.7%
Check grades	62.3%
Register for courses	32.1%
Access financial aid information	45.6%
Make textbook purchases	17.1%
Order transcripts	14.1%
Access course website or syllabi	68.7%
Access course or Blackboard	67.7%

Percent reporting that use of a handheld device (smartphone or tablet) is very or extremely important to their academic success in these areas

Device	Percentage
Netbook	10.1%
Printer	87.0%
Portable data storage device (e.g., thumb drive, portable hard drive)	75.3%
Dedicated digital camera or digital video camera (not part of another device)	19.2%
MP3 player/music device (other than iPod Touch)	21.4%
Handheld mobile device that is not a phone (e.g., iPod Touch)	17.1%

Percent reporting these other devices are very or extremely important to their academic success

Device	Percentage
Television	22.6%
Internet device that attaches to a television (e.g., Apple TV)	14.3%
DVD, BlueRay, or other movie player	16.6%
Webcam	15.4%
Scanner	35.3%

Percent reporting these other devices are very or extremely important to their academic success

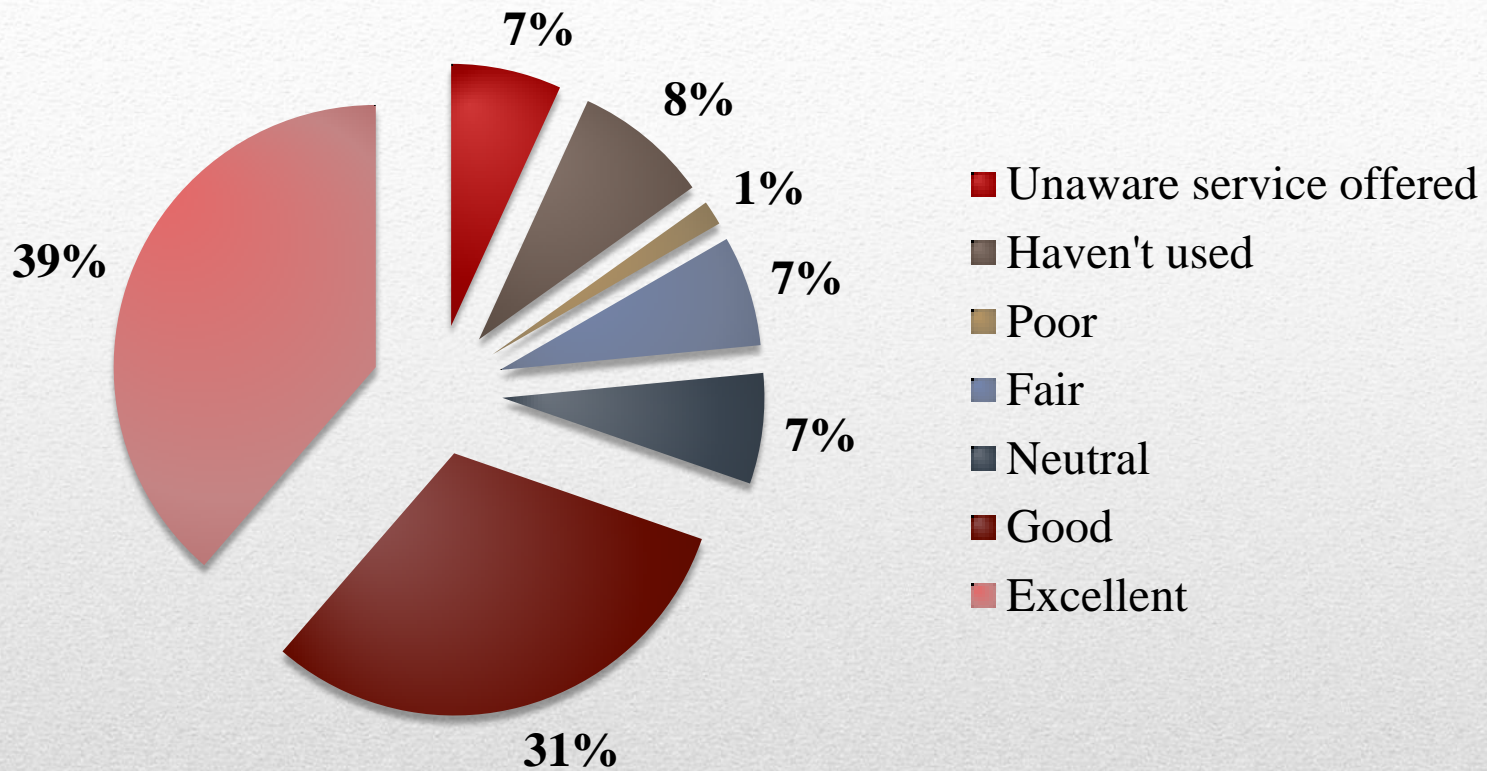

TECHNOLOGY AND THE COLLEGE/UNIVERSITY EXPERIENCE

Slides 12 To 60

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to providing access to library resources *via a handheld mobile device.*

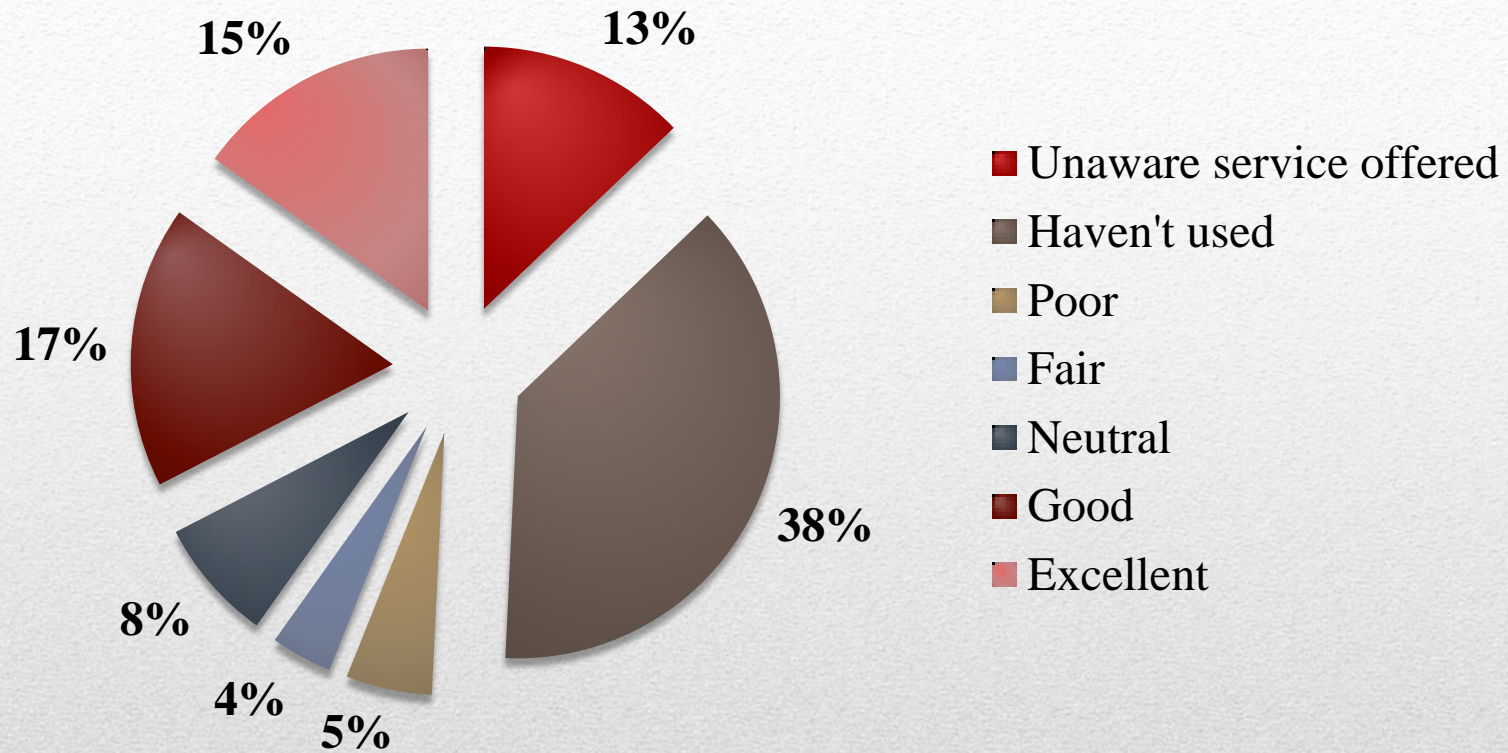

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to checking grades *via a handheld mobile device*.

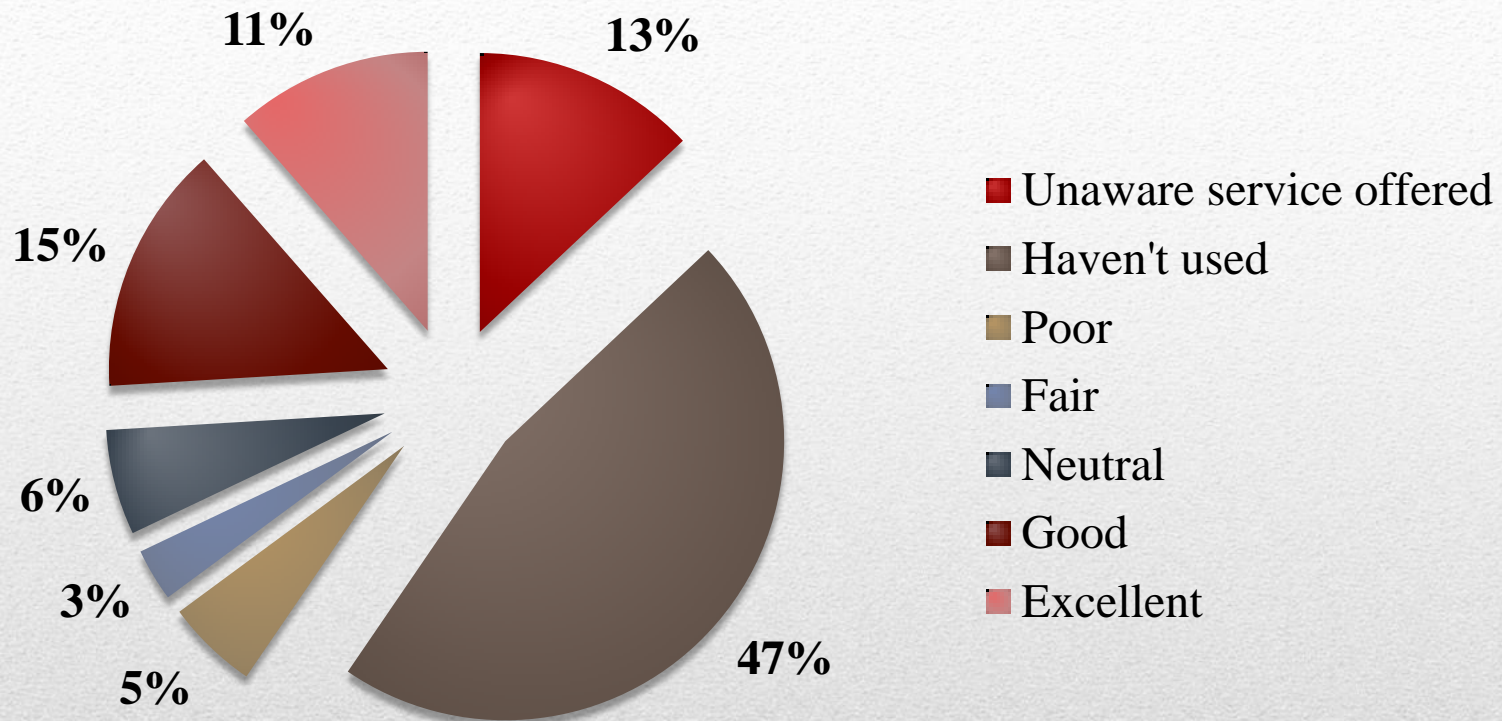

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to registering for courses via a handheld mobile device.

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to accessing financial aid information via a handheld mobile device.

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to making textbook purchases *via a handheld mobile device.*

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to ordering transcripts *via a handheld mobile device.*

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to accessing course websites or syllabi via a handheld mobile device.

Thinking about your experience within the past year, rate your institution on how well it is meeting your needs with regard to using Blackboard *via a handheld mobile device.*

LEARNING ENVIRONMENTS

Slides 61 To 81

In what type of learning environment do you tend to learn most?

In the past year, how many of your courses have been “blended” courses (with some online components and some face-to-face components)?

**How much do you agree
with these statements
about social networking
in conjunction with your
learning?**

(slides 65 to 69)

I like to keep my academic life and my social life separate.

I am comfortable using Facebook or other social networking sites to communicate with other students about coursework.

It's important to have an online forum to communicate and interact with other students about coursework outside the classroom.

I am comfortable connecting on social networks with professors *from whom I'm currently taking classes.*

I am comfortable connecting on social networks with professors *from whom I am no longer taking classes.*

On the final few slides are several statements to which students were asked to agree or disagree.

Comparison to previous years' data is made when possible.

I get more actively involved in courses that use IT.

By the time I graduate, the IT I have used in my courses will have adequately prepared me for the workplace.

My institution's IT services are always available when I need them for my course work.

I skip classes when materials from course lectures are available online.

When I entered college, I was adequately prepared to use IT as needed in courses.

Technology makes me feel more connected to what's going on at the college/university.

Technology better prepares me for future educational plans (e.g., getting into graduate school)

Technology makes me feel connected to other students.

Technology makes me feel connected to professors.

Technology elevates the level of teaching.

Technology helps me achieve my academic outcomes.
