Discipline* Library

**Departments comprising multiple disciplines may, at their discretion, submit a statement for each discipline.*

The information provided below is intended as a guide for all evaluators who participate in the promotion and tenure review process. This statement reflects general disciplinary orientations and is not intended to limit the appropriate discretion of evaluators or to serve as a binding agreement with candidates. It is understood that no two individual faculty members under review will address these expectations in the same manner. Even so, candidates should be mindful of expectations for their discipline as communicated on this statement, through annual evaluations, and through informal mentoring by colleagues, the department chair, and other administrators.
