

# SAFETY BRIEF

## 2019 Severe Weather Preparedness Week

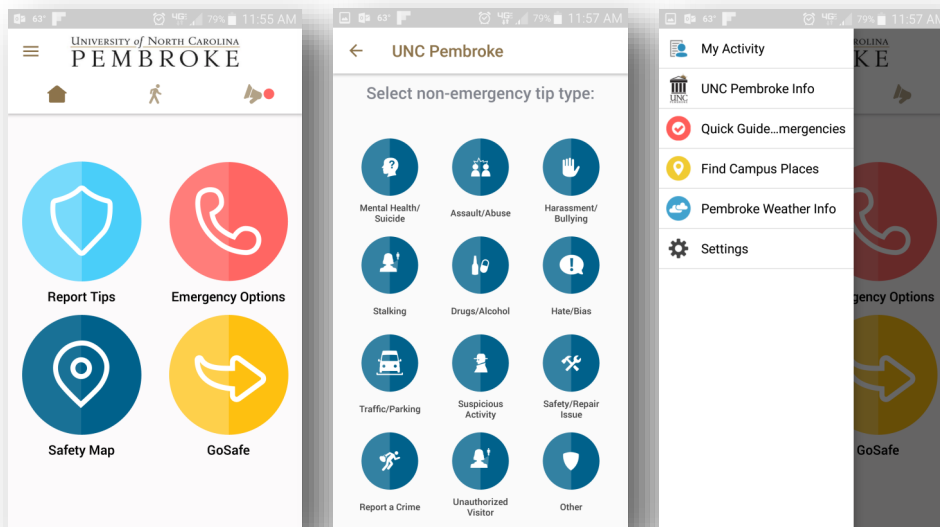

Severe Weather Preparedness Week in North Carolina is March 3 - 9, 2019

March 3-9, 2019 is Severe Weather Preparedness Week in North Carolina. This week the [National Weather Service](#) and the [North Carolina Department of Public Safety](#) are teaming up to bring this severe weather safety campaign to all of North Carolina's residents. With warmer weather quickly approaching, now is the time to prepare for the severe weather season. If each North Carolina resident would take a few moments this week to learn about severe weather safety and implement a safety plan, then we would all be better off when severe thunderstorms and tornadoes inevitably strike our state and the likelihood of injury and fatalities caused by severe weather could be minimized.

Schools and government buildings statewide will hold tornado drills Wednesday, March 6, at 9:30 a.m. to practice their emergency plans. Test messages will be broadcast on [National Oceanic and Atmospheric Administration](#) weather radios and the Emergency Alert System. All North Carolinians are encouraged to participate in the drill.
