

2016-2017

IHE Bachelor Performance Report

University of North Carolina Pembroke

Public Schools of North Carolina

State Board of Education

Department of Public Instruction

Overview of the Institution

The University of North Carolina at Pembroke (UNCP) is a master's level degree granting university committed to academic excellence in a balanced program of teaching, research, and service. It offers a broad range of education degrees at the bachelor's and master's levels that are accredited by the National Council for the Accreditation of Teacher Education (NCATE) and the North Carolina State Board of Education/Department of Public Instruction. The Professional School Counseling program is accredited by the Council for the Accreditation of Counseling and Related Education Programs (CACREP), the Art Education Program is accredited by the

National Association of Schools of Art and Design (NASAD), and the Music Education Program is accredited by the National Association of Schools of Music (NASM). Combining the opportunities available at a large university with the personal attention characteristic of a small college, the University provides an intellectually challenging environment created by a faculty dedicated to effective teaching, interaction with students, and scholarship. Graduates are academically and personally prepared for rewarding careers, postgraduate education, community service, and leadership. Drawing strength from its heritage, The University of North Carolina at Pembroke continues to expand its leadership role in enriching the intellectual, economic, and social welfare of regional, state, national and international communities. In the fall 2016 semester, the University had a total enrollment of 6,268 students; the UNCP Teacher Education Program (TEP) enrolled more than 868 students in undergraduate, graduate and licensure-only programs, including students from the Regional Alternative Licensure Centers. The TEP offers a broad range of educator preparation programs, including undergraduate programs, master's degree teacher licensure programs, a school counseling program, a school administration program, and add-on licensure programs. The TEP recommends licensure for candidates in 15 undergraduate programs and 3 add-on licensure areas at the undergraduate level, 14 graduate programs with 3 add-on licensure areas, and a Master of Arts in Teaching (MAT) program with 10 areas of specialization.

Special Characteristics

The University of North Carolina at Pembroke is a master's level degree-granting institution and one of 17 schools that comprise the UNC system. UNCP is located in rural southeastern NC with significant engagement in the local communities. Founded in 1887 as the first state-supported institution for American Indians in the nation, UNCP serves as an institution of higher education to a myriad of diverse cultures. Today, the ethnic and cultural diversity of the campus community provides students with a citizenship education to function in a 21st century global economy. Students at UNCP have access to a wide range of study abroad opportunities to expand their knowledge of diverse cultures with access to a network of 300 institutions in more than 13 countries. UNCP consistently ranks among the nation's most diverse college campuses with its minority enrollment at more than half of the overall student body. Approximately 15%

of UNCP's student body is American Indian, 35% is African American, 5% is Hispanic, and 2% is Asian. The international student body enrollment includes representation from 13 foreign countries. UNCP continues to distinguish itself as an institution where students attribute their success to the personal attention afforded by a student/faculty ratio of 16:1 and an average class size of around 20 students.

UNCP continues to maintain a significant presence among its peer institutions in areas of diversity, best value and our commitment to students in the Armed Services. The university was named to 3 different "military friendly" lists. Every year since 2010, UNCP has been named a military friendly school by GI Jobs' magazine. These recognized institutions are known for exhibiting leading practices in recruiting and supporting post-military students. The Military Advanced Education group (MAE) has named UNCP as a Top College and University for veterans since 2012. These schools provide military culture, financial assistance, flexibility, general support, online support, and on-campus support. In 2016, the Military Times named UNCP as one of the "Best for Vets" designated schools. Institutions with this recognition focus on the accommodations and benefits that schools offer for veterans, service members, and their families. In spring 2016, U.S. News and World Report rated the MA Ed in Elementary Education program in the top 100 online graduate education programs for veterans. UNCP is committed to supporting the higher education goals of veterans through a satellite campus on Fort Bragg which offers undergraduate and graduate programs. The UNCP Military Outreach utilizes Armed Services internet portals that provide virtual gateways to higher education. This supports Active Duty and Army Reserve as a one-stop Web site that allows Soldiers, Army Education Counselors, and schools to conduct business for all to plan for and pursue education goals. Collaborative agreements with local community colleges were developed to support the seamless transfer for those veterans interested in four-year degree programs.

UNC Pembroke is one of only 240 colleges and universities in the nation to earn the prestigious Community Engagement Classification from the Carnegie Foundation for the Advancement of Teaching. The university is ranked first for the diversity of its student body among master's granting universities in the South, according to U.S. News & World Report's 2016 Best Colleges Rankings.

Students and faculty at UNCP excel in academic excellence and scholarship with a plethora of national and international awards and accomplishments that bring notoriety to the campus. In their commitment to collegiate athletics and academics, 154 student athletes were placed on the Peach Belt Conference Honor Roll for maintaining a GPA of 3.0 or better. This is the seventh consecutive year that UNCP named more than 100 student athletes to this prestigious academic honor and it is a departmental record for student athletes.

Program Areas and Levels Offered

The UNCP Teacher Education Program (TEP) offers licensure at the undergraduate level in the following areas: Birth-Kindergarten Education (B-K) and a Preschool Add-On; Elementary Education (K-6); Middle Grades Education (6-9) with concentrations in Language Arts, Mathematics, Science, and Social Studies; special subjects (K-12) in the areas of Art, Exceptional Children (General Curriculum), Music, Health & Physical Education, Spanish, and an AIG Add-On; and secondary education (9-12) English and an ESL Add-On, Mathematics, Science, and Social Studies Education.

The TEP offers advanced M.A. or M.A.Ed. teacher licensure programs in the following areas: Elementary Education (K-6), Middle Grades Education (6-9) with concentrations in Language Arts, Mathematics, Science, and Social Studies, Art Education (K- 12), Physical Education (K- 12), English Education (9-12), Mathematics Education (9-12), Science Education (9- 12), Social Studies Education (9-12), and Reading Education (K-12).

The Master of Arts in Teaching (M.A.T.) Program offers ten areas of specialization, including Art, English, Mathematics, Middle Grades Language Arts, Middle Grades Mathematics, Middle Grades Science, Middle Grades Social Studies, Health & Physical Education, Science, and Social Studies. A new MAT degree in Elementary Education was submitted for NCDPI program approval in Spring 2017.

Master's level programs for other school personnel include the following: School Administration (MSA), a School Administration Add-On, a Professional School Counseling Add-On and Professional School Counseling.

Pathways Offered (Place an ‘X’ under each of the options listed below that your IHE Provides)

Traditional	RALC	Lateral Entry
X	X	X

Brief description of unit/institutional efforts to promote SBE priorities.

During 2016-17, faculty served in leadership capacities providing expertise, resources, and support in addressing the needs of diverse learners. SBE priorities were emphasized in lectures and course assignments including working with families, assessment, diversity, multicultural literacy, collaboration, problem solving and using technology. All programs in the TEP emphasized reflective practice in the classroom, curriculum development, classroom organization and management, knowledge of exceptional and diverse learners, cultural competence in curriculum choices, and the role of a collaborative leader. TEP faculty participated in regional institutes on implementing the Common Core and Essential Standards. The School Counseling Program places emphasis on how counselors can support social and emotional development while raising student achievement and supporting diverse learners. Faculty incorporated SBE priorities in graduate students’ leadership projects with emphasis on family involvement, tutoring, retention of teachers, and remediation for at-risk students. Courses in the Elementary Education graduate program focus on teacher leadership, cultural diversity, multicultural literature, technology, 21st Century learning and global initiatives. Graduate level special topics courses were developed and offered online in the summer to address current topics and needs in education such as Teaching Children of Poverty and Using Data to Improve Instruction.

For the 2016-2017 report, briefly describe your current efforts or future plans to respond to the recent legislative provisions below.

All candidates are prepared to use digital and other instructional technologies to provide high-quality, integrated digital teaching and learning to all students.

Most middle grades and secondary candidates enroll in a course, CSC 4050 (Current Topics in Computers in Education), designed to expose the candidates to a variety of technology tools, such as word processing, spreadsheet, interactive internet tools, web 2.0 tools, Smartboards, tablets, and apps for classroom use. Candidates design lesson plans integrating such tools with content from their specialty areas.

More specific courses in individual program areas, such as Mathematics education, include MAT 3500 (Using Technology to Teach Mathematics), which emphasizes the use of specialty area technology tools such as graphing calculators and dynamic geometry programs, as well as Google docs and Google forms.

Music Education majors have music specific technology tools, such as Finale or other music composition software, embedded in their methods courses.

English education undergraduates practice using smart boards, computers, projectors, and other technological tools in their English Education pedagogy classes. English Education graduate methods classes (EED 5510, EED 5520, and for MAT students EDN 5450) all require integration of instructional technology in planning-related course products.

Candidates in the graduate science education program utilize iPads and apps in the teaching of science as well as in planning science lessons using supporting documents such as the Next Generation Science Standards apps. SCE 3000 students are required to create a laboratory lesson portfolio of six lab activities. Two of those labs must require students to use technology in some manner. An example of one of these lab activities is students using Microsoft Excel to graph data collected during an experiment.

Students in the AIG add on program are prepared to use instructional technology through the use of a variety of web based tools in their online courses.

Students in the Spanish education methods courses have to create lessons that demonstrate their mastery with the use of digital technology.

EDNS 5000, Advanced Instructional Technology, a special topics course about using technology in classroom settings, has been developed so that students enrolled in any graduate program may take the class and develop additional techniques for integrating technology into the classroom.

Our graduate reading education candidates use digital and other instructional technologies to develop appropriate reading strategies that respond to learners' interests, reading abilities, and backgrounds of foundations for the reading and writing environment. Moreover candidates are prepared to use technology to gather and implement reading instructional planning and effective practices.

Elementary, Birth-Kindergarten, and Special Education majors utilize a variety of technology tools, such as word processing, spreadsheet, interactive internet tools, web 2.0 tools such as Kahoot and Plickers, Smartboards and Smart Notebook applications, tablets and apps for classroom use. The electronic tablets, including iPads and iPad minis, equipped with Reading 3D apps and assessments apps that help K-6 students complete timely, informal assessments to assist our teacher candidates monitoring student progress. Special Education candidates use these research validated instructional technologies as assistive devices to enhance students with disabilities educational experiences in K-12 settings. Elementary Education majors are exposed to ClassScape data to evaluate student progress, create VoiceThreads, develop Microsoft movies, create Smart Notebook and other teaching presentations and develop tables and graphs through the use of Microsoft excel. Candidates in ELE 4150 and 3060 have utilized an online book club resource called Mightybell as a way to demonstrate deeper and richer engagement in Literature Circles through technology.

Graduate candidates in Health & Physical Education develop podcasts to help them prepare appropriate materials for their K-12 classrooms.

Assess elementary and special education: general curriculum candidates prior to licensure to determine that they possess the requisite knowledge in scientifically based reading and mathematics instruction that is aligned with the State Board's expectations. *Describe your efforts for ensuring candidates are prepared for the new Foundations of Reading and General Curriculum licensure exams effective October 1, 2014.*

Elementary Education majors take the practice general knowledge licensure exam provided by Pearson during the first week of the ELE 3030 (Purposeful Assessment for Learning) course. After the instructor scores each student's practice exam, the instructor uses these results to

inform the progression of topics in the course and to encourage remediation for students as needed including the possibility of taking additional general education courses. The analysis determined each students' highest learning need around the domains of the test, i.e., Numbers and Operations, Functions and Algebra, Geometry and Measurement, and Statistics and Probability. After analyzing the results, students were given additional items to apply what they had learned. Additional practice tests were given in the 2016-2017 academic year in elementary courses for the math and language arts exams. Content in Elementary Education coursework was modified to emphasize knowledge required for the licensure exams. Two new elementary education math courses were implemented in the fall of 2014 and continued during 2016-2017 to emphasize knowledge required for the licensure exams, including reading vocabulary, modifications of content. General education math coursework sections were designated for elementary education majors with the cooperation of the Department of Mathematics and Computer Science.

In SED 4330, Special Education candidates have course content embedded from NCSIP Math Foundations that has a high correlation to the Foundations of Math subtest. Special Education majors are required to attend UNCP licensure exam seminars noted below.

During the 2016-2017 academic year, licensure exam seminars were held to provide intensive test preparation in foundations of reading, mathematics, and general knowledge for all elementary and special education majors. Seven sessions were offered in the fall of 2016, five sessions were offered spring in the spring of 2017. Several sessions in the spring were recorded to share. These test preparation sessions were offered on Saturdays. Candidates participated in half day workshops that provided information and preparation materials for the Foundations of Reading, Mathematics and Multi-Subject licensure exam.

Research based reading materials are being used by elementary faculty and students to strengthen concepts such as reading foundations, research-based practices on how children acquire reading skills, connections between reading, speaking, listening and writing, print concepts and alphabetic principle, and comprehension of literature and content-based texts.

Elementary majors were required to complete 9 credit hours of literacy including emergent, developing, and fluent readers.

Special Education majors are required to complete 9 credit hours of reading courses to include a content area literacy course, a foundations in reading and language course, and a diagnostic reading/writing course. These majors also take a 3 hour diagnostic and remedial mathematics course. Special Education majors are required to take courses in one of three content areas with a focus on English/Language Arts, mathematics, or science. Since Special Education majors are still be required to take the traditional Praxis 2 test, Praxis 2 test preparation workshops are held each semester and students are encouraged to attend.

Candidates (preparing to teach in elementary schools) are prepared to apply formative and summative assessments within the school and classroom setting through technology-based assessment systems available in North Carolina schools that measure and predict expected student improvement.

During the 2016-17 school year, the elementary education program continued to implement revisions to the curriculum that included an assessment course, ELE 3030 (Purposeful Assessment for Learning), where students were provided opportunities to apply formative and summative assessments in classroom settings using a variety of technology based materials including Reading 3D and ClassScape. Elementary education teacher candidates also used assessment data to plan individual and group instruction in this course. Elementary education teacher candidates complete ELE 4040 and ELE 4050 (Literacy and Language Arts I and II), where students utilize assessment in field experiences in public school settings and plan appropriate instruction for individual K-6 students. Similar assignments occur in two math and science courses, ELE 4010 and ELE 4020 (Mathematics and Science I and II). Elementary education candidates gain understandings of and some experience implementing meaningful formative and summative assessments used to inform literacy teaching and learning in both ELE 3050, 3060 and 4150. In ELE 3030, students disaggregate data from sequential school years on the NC DPI School Report Card and make inferences based on the data. They also design

formative and summative assessments to implement in the classroom. They design pre/post tests and use data to drive the instruction.

During the 2016-17 school year, the elementary education program continued to make revisions to the curriculum that included the implementation of EdTPA. The EdTPA assessment tool was piloted in the 2017 spring semester to evaluate student teachers. Elementary education faculty implemented specific EdTPA strategies within their courses to help build an understanding for future interns to use both formative and summative data as a self-assessment tool and to drive instruction for students.

Special Education majors complete several assessment courses including SED 3110 (Assistive Technology for Students with Special Needs), SED 3050 (Assessment of Students with Mild to Moderate Disabilities), SED 4330 (Diagnosing and Remediating Mathematics Problems), and SED 4340 (Diagnosing and Remediating Reading and Writing Problems). In these courses, students utilize Reading 3D and ClassScape to gather data, plan, and carry out instruction for students in K-12 classrooms. Students also utilize assessment in field experiences in public school settings and plan appropriate instruction for individual K-12 students.

Birth-Kindergarten students complete an assessment course, ECE 4060 (Assessment Strategies and Application), where students learn to use and implement standardized and authentic screening and diagnostic assessment practices and instruments. Birth-Kindergarten students also complete 3 additional curricula courses to apply screening and diagnostic practices in public school classrooms.

Elementary Education majors who take the reading concentration and Special Education majors who select the English Language Arts content area focus are required to complete RDG 3200 (Assessment of Reading Difficulties I) and RDG 3400 (Assessment of Reading Difficulties II), which emphasizes the Reading 3-D program and informal reading assessments.

Elementary, Birth-Kindergarten, and Special Education majors utilize a variety of technology tools, such as word processing, spreadsheet, interactive Internet tools, web 2.0 tools, Smartboards and Smart Notebook applications, tablets, and apps for classroom use. The

electronic tablets, including iPads and iPad minis, are equipped with Reading 3D apps and assessment apps that help K-6 students complete timely, informal assessments and assist our teacher candidates monitoring student progress. Special Education candidates use these research validated instructional technologies as assistive devices to enhance students with disabilities educational experiences in K-6 settings.

In the Methods of Teaching Spanish course, students gain the experience of creating different types of assessments, both formative and summative. These assessments are carefully revised with the instructor to insure that the evaluations are aligning with their lesson plans and the Common Core State Standards and Essential Standards as well as the ACTFL standards. Spanish education students also work with different studies interpreting the data that has been collected from assessments. When Spanish candidates do summative evaluations of their students in field placements or internships, the candidates reflect and evaluate themselves to readjust instruction to better meet the needs of their students. During the internship unit, Spanish Education candidates performed informal formative assessments to assess their students. While students worked individually on an activity, in pairs, or in a group, candidates assessed and listened to the Spanish syntax, use of vocabulary, and verb conjugations exhibited by the students and provided corrective feedback. During individual assignments, candidates monitored students' written responses and offered clarification so students understood how to improve.

All reading education candidates are prepared to use a wide range of reading assessment tools and results in order to provide developmentally appropriate instruction. Our graduate reading education candidates learn how to choose, administer, and interpret a variety of formal and informal reading assessments such as standardized diagnostic reading tests, informal reading inventories, and running records. Candidates also learn to use reading assessment results to determine appropriate instructional intervention. Then candidates match instructional strategies and interventions to assessment results to promote continuous reading improvement. Candidates also collaborate with other school professionals and families to plan and implement appropriate reading instruction and services for students.

Candidates (preparing to teach in elementary schools) are prepared to integrate arts education across the curriculum.

Elementary education majors complete an integrated arts course, ELE 2030 (Arts Integration in the Elementary School). Candidates are introduced to methods, media, materials, and techniques for integrating the arts, including foundational components of music, dance, theatre arts and visual arts, in daily classroom instruction in all K-6 content areas. Elementary education majors develop and teach standards-based lesson plans in K-6 public school settings integrating the arts. Students work independently and collaboratively to develop the creative process and focus on 21st century skills. Each semester, School of Education faculty collaborate with the Mary Livermore Library and Multicultural Center to host Read-Ins where elementary education majors teach multicultural integrated arts lesson plans in K-6 local schools during African American History Month (February) and National American Indian Heritage Month (November). Candidates in ELE 3050, 3060 and 4150 gain experiences enriching content area studies with children's literature, and utilizing drama and storytelling to develop oral language. Candidates also visit a local charter school with an arts integration focus.

Special Education candidates complete courses, SED 3330 (Teaching Students who need Adaptive or Functional Curricula) SED 3340 (Instructional Strategies for Students with Mild to Moderate Disabilities), and SED 4330 (Diagnosing and Remediating Mathematics Problems) where majors learn to implement adaptations and instructional strategies focused on the integration of arts education across the curriculum.

Birth-Kindergarten majors complete three courses, ECE 4010, ECE 4020, and ECE 4030 ((Integrated Curricula and Appropriate Practices for Infants and Toddlers, Preschoolers, and Kindergartners, respectively), where majors learn to integrate the arts within the curriculum.

Spanish education candidates understand the relevance of the arts in their lessons, and are introduced to research based literature showing the importance of the arts in Second Language Acquisition. Spanish candidates understand that art is the expression of the culture of a nation and their people. It is necessary to teach a foreign language through culture, including musical interpretations, works of art, dances, etc, that are representative of that culture. For a foreign

language teacher, it is essential to use many visual and audio elements. The incorporation of art is something that is practically in every activity that takes place in the Spanish language classroom. Candidates are required to incorporate the arts into their lessons and relate it to the ACTFL and NC Standards.

Explain how your program(s) and unit conduct self-study.

During the 2015-16 academic year, the UNC Pembroke Teacher Education Program (TEP) underwent an NCATE self-study. An NCATE focused visit is scheduled during Spring 2018 to look at our data collection and dissemination system in the advanced licensure programs. Data and narratives are being collected through the use of several collection instruments including Taskstream and Qualtrics survey instruments. In order to facilitate, organize, monitor, and assure appropriate data collection in all programs, the Teacher Education Committee (TEC) underwent some reorganization. The Teacher Education Program is governed by the TEC which is composed of program directors and coordinators of all licensure areas housed in the UNC Pembroke Teacher Education Program as well as community partners. The TEC implemented a new sub-committee structure. One sub-committee is focused specifically on our assessment and implementation system. All sub-committees focus on continuous program improvement. Work to revise and improve the UNC Pembroke Teacher Education Program is ongoing based on the findings of the NCATE team visit, NCDPI Program Review, as well as our TEC sub-committees.

Provide a description of field experiences to occur every semester including a full semester in a low performing school prior to student teaching.

The table below offers a listing of courses and their corresponding field experience component and a description of activities included. A narrative about field experiences specifically focused on low performing schools follows this table.

		Course Assignments					
Course	Field Hrs	Obs.	Teach a Lesson	Interview	Report/Reflection	Portfolio	Notes
ART 3080	15	✓	✓		✓		
ECE 2020	4	✓			✓		Observe two classes of the same age (birth-K) for teacher-children interaction.
ECE 2030	12	✓		✓	✓		Four part ecological assessment of child. Includes family interview; community interview; student observation Bronfenbrenner schema.
ECE 2040	3	✓		✓			Students demonstrate the skills necessary to create an authentic assessment portfolio for a young child and plan their instruction accordingly.
ECE 2050	4			✓	✓		Interview two professionals and two parent/guardians of young children on school-family collaborator. Functional Based Assessment Project: Observe/assess a birth-kindergarten child who shows challenging behaviors, interview the guardian of the child.
ECE 3110	8	✓	✓	✓	✓		
ECE 3120	20	✓		✓	✓	✓	Compare and contrast models of partnerships between education services and community need, reflection about teachers' involvement in the community.
ECE 3130	4			✓	✓		Action research project; identify a problem in early childhood, identify yourself in a certain leadership role and describe how you will solve the problem.
ECE 4010	20	✓	✓		✓		Develop a lesson plan in a preschool or kindergarten classroom and differentiate for a student with disabilities based on his/her needs and learning goals.
ECE 4020	3	✓					
ECE 4030	6	✓	✓	✓	✓		Develop appropriate lessons plans for kindergarten children.
ECE 4040	6	✓	✓		✓		Develop a lesson plan and differentiate for a single student; The student is evaluated and then the student chooses accommodations and modification.

		Course Assignments					
Course	Field Hrs	Obs.	Teach a Lesson	Interview	Report/Reflection	Portfolio	Notes
ECE 4060	10	✓		✓	✓	✓	Observation of a child in a naturalistic environment, interview with the child's family, administration of an assessment instrument to the child with observation record, portfolio of assessment results.
ECE 4150	10	✓	✓	✓	✓		1) Agency evaluation; 2) Family event planning; 3) Develop grant applicator
ECE 4170	12	✓	✓	✓	✓		Develop/implement one integrated thematic unit (4 lesson plans) for pre-school and kindergarten classes (pre and post-assessment, cite standards interrogated, modifications for childrens' needs, evaluation and reflection).
EDN 2100	6	✓			✓		Focused observation of 6 hours at 2 level schools, 3 hours at each school. Use face validity to assess the school's web site and NC Report card.
EDN 3130	10		✓		✓		
EDN 3140	6	✓			✓		6 hours of observation to include 3 hours each at two different level schools to observe students behavior and school climate.
EDN 3150	6	✓					6 hours of observation to include 3 hours each at two different level schools to observe students behavior and school climate.
EDN 3400	6	✓		✓			Observe and conduct a Shadow Study of students' behavior. Interview student.
EDN 5040	6	✓			✓		
EDN 5450	3			✓			Interview at least three of the following personnel at the school level matching licensure area: a classroom teacher, grade level/department/School Improvement Team chair, a guidance counselor, and/or a school-site administrator. Written and oral reports required.
EED 3840	10	✓			✓		
EED 3890	15	✓					

Course	Field Hrs	Course Assignments					Notes
		Obs.	Teach a Lesson	Interview	Report/ Reflection	Portfolio	
ELE 2010	6	✓			✓		The field experience is for structured observations of the social, emotional, physical, and cognitive actions of learners and reflects what they have learned. Students will produce professional observation reports. In addition, the UNCP student interviews a classroom teacher, a student, and does a classroom culture report.
ELE 2020	6	✓	✓	✓	✓		Observations of classroom & reflection, observation of recess & reflection; teaching a health lesson to students & reflection, teacher interview & reflection.
ELE 2030	8	✓	✓		✓		4 hours of arts observation/participation in the community - reflection required, 1 hour arts teaching in supervised class experience (Read-In) - lesson plan and reflection required, 1 hour observation in arts teaching in elementary classrooms - reflection required, 2 hours working with children in or out of school for child art study - child art study writing assignment.
ELE 3010	8	✓		✓	✓		Students will complete 8 hours of field experience through focused observations, (2) content lesson critiques, and teacher interview with a gifted, special education, or ELL teacher.
ELE 3020	6	✓	✓		✓		K-2 Observation, 3-6 Observation, Teach 1 ELE lesson1 integrating Cooperative Learning using a trade book, Cooperating Teacher Evaluation of Cooperative Learning Lesson, Self-Evaluation of Cooperative Learning Lesson.
ELE 3030	6	✓	✓		✓		Formal Assessment Observation, DIBELS (Oral Reading Fluency and Retell Fluency) Observation, Formative Assessment Observation, Create and Administer Pretest and Posttest and Excel Spreadsheet with Two Graphs Showing Collected Data based on a taught lesson using a trade book related to assessment.

		Course Assignments					
Course	Field Hrs	Obs.	Teach a Lesson	Interview	Report/Reflection	Portfolio	Notes
ELE 3040	10	✓	✓	✓	✓		Observe a math lesson, teach a math lesson, additional activities completed with instructor
ELE 3050	10	✓	✓	✓	✓		Students are required to complete a focused observation of the classroom teacher and develop and teach (3) literacy mini-lessons, and complete a literacy assessment comparison of two students at varied reading levels.
ELE 3060	10	✓	✓		✓		Students are required to complete a focused observation of the classroom teacher and develop and teach (3) literacy mini-lessons, and complete a literacy assessment comparison of two students at varied reading levels.
ELE 4030	6	✓	✓	✓	✓		Classroom observation; teacher interview; teaching a lesson to students; reflection & more reflection.
ELE 4110	10	✓	✓	✓	✓		Teach a math lesson, math tutoring (2 hours), additional activities completed with instructor.
ELE 4120	10	✓	✓		✓		Teach a science lesson, science coaching (2 hours), additional activities completed with instructor.
ELE 4150	10	✓	✓	✓	✓		Focused observations, teaching (2) integrated literacy lessons, and completing an assignment from the FE choice board: completing a reading miscue analysis with (2) students; media center investigation and interview; or Daily 5 Café investigation and interview.
MAT 2500	18 hrs in classes 6 hrs for two interviews	✓		✓	✓		Observe 6 hrs each at 3 different levels, elementary, middle, and high schools, interviews will be arranged privately by students.
MAT 4000	10	✓	✓		✓		Observe, plan, teach, evaluate mini lesson with teachers pre-selected by program coordinator.
MUS 2540	6	✓	✓	✓	✓		
MUS 2290	3	✓	✓	✓	✓		
MUS 4000	6	✓	✓		✓

All candidates for initial licensure programs take EDN 2100, Introduction to Education. Field experience attached to this class includes 6 hours of observation spread across the full semester. Observations occur at 2 different placements. Beginning Fall 2017 semester, all enrolled candidates will choose field placements for EDN 2100 from the list of low performing schools in the UNCP service region. Schools are chosen from the list of low performing schools in the UNCP service area, retrieved from <http://www.dpi.state.nc.us/accountability/reporting/>.

How many weeks are required at your institution for clinical student teaching?

16 weeks

How will student teaching be scheduled to allow for experiences to occur at both the beginning and end of the school year?

The Internship/student teaching semester at UNCP is a 16 week semester. During the first week of the semester, interns attend several seminars that focus on a range of topics including

Assessment, Classroom Management, Social Media Literacy, Educational Law, Seclusion and Restraint, Diversity and Inclusion, Mental Health Issues, Teaching Children of Poverty, English as a Second Language, and Special Education Topics.

All the remaining weeks of the semester, the interns report directly to their assigned schools with schedules that have been developed to allow the intern to become familiar with classroom routines and gradually take on the full teaching load of their assigned clinical teacher.

Those interns enrolled in the Fall semester get to experience the beginning of the school year but complete requirements during the first week of December. Those interns enrolled in the Spring semesters also get to experience the beginning of a new semester in January which is very similar to the beginning of the school year in middle and secondary schools on the block schedule. This allows candidates to see the opening of school for the new spring semester in mid-January. They see one ending of the school year in mid-January when fall courses end and grades are calculated. These interns complete all requirements during the first week of May. Calendar limitations from partner school districts as well as the UNCP semester calendar influence the determination of these beginning and ending weeks of the internships. Field experiences prior to the internship expose candidates to other periods of time in the school calendar.

Does your program require teacher candidates to pass all tests required by the North Carolina State Board of Education before recommendation for licensure?

No, however UNCP provides free Praxis and Foundations of Reading and General Curriculum workshops for all area teachers, regardless of whether they attended UNCP for their educator preparation coursework, to help them prepare for their required tests. UNCP is considering charging a nominal fee for these workshops to cover costs and encourage better attendance.

**I. SCHOOL/COLLEGE/DEPARTMENT OF EDUCATION (SCDE)
INITIATIVES**

A. Direct and Ongoing Involvement with/and Service to the Public Schools

LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Strengthen communication and the working relationship between the UNCP Teacher Education Program and diverse stakeholders, including partnership schools, school districts, and community agencies.
Activities and/or Programs Implemented to Address the Priorities	Workshops and Speakers
Start and End Dates	On-going
Number of Participants	1000+
Summary of the Outcome of the Activities and/or Programs	Provided workshops on varied topics, including teaching diverse learners, culturally responsive practices, ESL strategies, instructional planning, active learning strategies, setting up and managing a classroom, working with families, and addressing prejudice, discrimination and stereotyping in classrooms, virtual dissection, aquatic life investigations, and Geocaching for science teachers, hosted Vision Strength and Arts festival (VSA), a day of art for all of the exceptional children in PSRC
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Strengthen communication and the working relationship between the UNCP Teacher Education Program and diverse stakeholders, including partnership schools, school districts, and community agencies.
Activities and/or Programs Implemented to Address the Priorities	Sandhills Region Education Consortium monthly meetings for Personnel Administrators
Start and End Dates	August 2016-May 2017
Number of Participants	14
Summary of the Outcome of the Activities and/or Programs	Increased Professional development offerings throughout the year at no charge to include topics requested by LEAs, Continued the availability of online/hybrid content and pedagogy courses, Continued to offer courses needed by lateral entry teachers, even if enrollments were low, Offered flexible scheduling of courses, Continued to offer online AIG add-on licensure courses to regional LEAs.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Strengthen communication and the working relationship between the UNCP Teacher Education Program and diverse stakeholders, including partnership schools, school districts, and community agencies.

Activities and/or Programs Implemented to Address the Priorities	Recruitment and Retention of Teacher Education Students, Career Days at partner school systems
Start and End Dates	Ongoing
Number of Participants	1000+
Summary of the Outcome of the Activities and/or Programs	Campus-wide and regional recruitment and retention plan continued implementation, open house events, career days, and transfer days, Provided information on teaching and UNCP
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	Praxis II Preparation Workshops
Start and End Dates	Fall, Spring, and upon request
Number of Participants	100+
Summary of the Outcome of the Activities and/or Programs	Ongoing Praxis II content review workshops offered for pre-service and lateral entry teachers at no charge to participants.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	Praxis Core Preparation Workshops
Start and End Dates	Offered multiple times per semester for each test portion, including evenings and Saturdays.
Number of Participants	100+
Summary of the Outcome of the Activities and/or Programs	Ongoing Praxis Core preparation workshops for Reading, Writing and Mathematics offered for pre-service teachers and teacher assistants pursuing entry into Teacher Education Program, Offered test preparation sessions on test anxiety and mindfulness.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	10 th Annual Drive-In Workshop for School Counselors
Start and End Dates	Spring Semester

Number of Participants	60+
Summary of the Outcome of the Activities and/or Programs	Daylong conference held for all school counselors in partnership area. Topics focused on the culture of counseling.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	Annual School Administration Conference (MSA Drive In Conference)
Start and End Dates	Spring Semester
Number of Participants	70+
Summary of the Outcome of the Activities and/or Programs	Daylong conference held for elementary, middle, and high school, and central office administrators, focus was on data driven decision making.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels
Activities and/or Programs Implemented to Address the Priorities	Sandhills Beginning Teacher Summit
Start and End Dates	June 19, 2017
Number of Participants	120+
Summary of the Outcome of the Activities and/or Programs	Daylong conference providing professional development for beginning teachers.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Sports Empowerment Camp
Start and End Dates	26-Mar-17
Number of Participants	40
Summary of the Outcome of the Activities and/or Programs	For high school students with disabilities and their teachers. Provided a unique opportunity to engage in an athletic-focused event, many of these students had never had the chance to play on an organized sports team. Worked with various campus and public school organizations and provided sports skill training for students with disabilities.

LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Robeson, Scotland
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Annual African American Read In, Annual American Indian Read In, Read Across America and other Read In events
Start and End Dates	Fall and Spring
Number of Participants	350+
Summary of the Outcome of the Activities and/or Programs	Engage K-6 public school children in literacy experiences, Arts integration was incorporated into read in activities. Each Student at RB Dean Elementary School received 5 books to take home.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City.
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	7th annual Honors Jazz Festival and other events including: 39th annual Honor Band, High school honor choir, 11th annual Percussion Ensemble Festival, 2016 Sounds of Summer clinic, 2016 North Carolina Music Educators Association Conference Presentations, Scotland County Choir Festival
Start and End Dates	Fall and Spring
Number of Participants	300+
Summary of the Outcome of the Activities and/or Programs	The UNCP Music faculty judged performances, hosted regional choir, band, and jazz events, served as guest directors, Hosted music, band, and choir events for elementary, middle, high school and college students.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Bladen
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	Assistant Principal Leadership Academy (Aspiring Leaders Academy)
Start and End Dates	Fall 2016 and Spring 2017
Number of Participants	21
Summary of the Outcome of the Activities and/or Programs	Prepare Assistant Principals for Leadership Opportunities

LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Parent's Reading Workshop, Partnership of the UNCP Reading Education Program and the Robeson County Indian Education program for conducting an annual.
Start and End Dates	Fall 2016
Number of Participants	80+ parents and children
Summary of the Outcome of the Activities and/or Programs	Future reading specialists' work with parents and children in the Indian Education Program to impact the American Indian population in Robeson County.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	New Hanover
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	weekly reading and writing focused workshops with 2nd grade students
Start and End Dates	August through May
Number of Participants	25
Summary of the Outcome of the Activities and/or Programs	Improvement in writing skills
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson County
Priorities Identified in Collaboration with LEAs/Schools	Expose our Math Education majors to our local community day cares and pre-schools in hosting them on our campus
Activities and/or Programs Implemented to Address the Priorities	Halloween Trick or Treating for local day cares/pre-schools - Our Math Ed students decorated two hallways in UNCP's Oxendine Science Building and then passed out candy to approximately 40 children that came trick or treating.
Start and End Dates	October 31, 2016, 9am - 11am
Number of Participants	5 math ed majors, 5 math ed faculty, approximately 40 pre-k age students from two local daycares
Summary of the Outcome of the Activities and/or Programs	Exposed children and daycare teachers to campus environment.

LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson and Cumberland
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Pi Day 2017 Host 7th & 8th graders in a Pi Day with various math activities to discover Pi and spark interest in math as a future profession
Start and End Dates	March 14, 2017, 9am - 11am
Number of Participants	approximately 200 7th & 8th graders, approximately 25 UNCP students (some math ed) as volunteers
Summary of the Outcome of the Activities and/or Programs	Students participated in 4 different stations, were exposed to STEAM ideas, and gained exposure to a college environment.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Battle of the Books Coach/Volunteer, help teams get ready to compete
Start and End Dates	September 2016 - March 2017
Number of Participants	8 - 2nd & 3rd graders and 3 - 4th graders
Summary of the Outcome of the Activities and/or Programs	Battle of the Books questions were reviewed with teams twice a week, created games to help students' remember title and authors, and practiced competition style drills with both 2nd/3rd grade and 4th grade teams.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	teacher training workshops, Teaching Historical Thinking Skills, Developing student reading and analytical skills
Start and End Dates	August 23, 2016; October 6, 2016; February 10, 2017
Number of Participants	50+; 100+; 6
Summary of the Outcome of the Activities and/or Programs	According to the evaluations that were distributed, teachers generally found the learning beneficial and felt they could use the the strategies in their classroom. A majority expressed interest in obtaining more similar professional development.

LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson, Cumberland, Scotland, Richmond
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	Council of Social Studies Educators - to discuss the state of social studies education, discover the needs of classroom teachers, build relationships with LEAs, and seek potential areas for program improvement.
Start and End Dates	12-Jul-16
Number of Participants	22
Summary of the Outcome of the Activities and/or Programs	Revised field experience in methods courses, crafted professional development workshops that combined content with pedagogy, developed a resource website for teachers.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Bladen County
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	Bladen County Teacher Workshop - Literacy in Science Teaching, To learn text dependent, close reading, and science notebook as literacy strategies when studying about bees and pollen
Start and End Dates	April 6, 2017
Number of Participants	15
Summary of the Outcome of the Activities and/or Programs	Exposed students to STEM curricula.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson, Scotland
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Pembroke Day Outreach Booth - Kids in the Garden program Robeson County To educate school children and public about bees and pollinators and pollination
Start and End Dates	10/2/2016
Number of Participants	600

Summary of the Outcome of the Activities and/or Programs	Exposed students to STEM curricula.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Booth of science activities and schools STEM Fair, Kids in the Garden activity booth on pollinators and pollen
Start and End Dates	April 28 2017
Number of Participants	200
Summary of the Outcome of the Activities and/or Programs	Exposed students to STEM curricula.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	Senior Project Judging, CoReview portfolios and judge presentations for Senior Projects required for graduation
Start and End Dates	Dec.15, 2016 and May 25, 2017
Number of Participants	24 student projects and presentations reviewed with rubric
Summary of the Outcome of the Activities and/or Programs	students demonstrated project and presentation skills
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	On-campus visits, Service through literacy activities in the areas of reading out loud, phonological awareness, phonics, vocabulary development, comprehension, and oral fluency with all the K, 1st, 2nd, and 3rd grade classrooms for ten consecutive one-hour lessons in assigned classrooms.
Start and End Dates	Fall 2016 & Spring 2017 semester/August-April

Number of Participants	250+ participants to include: 2 UNCP faculty and graduate students, Robeson County Community in Schools Coordinator, 18 Prospect School teachers and their students, and UNCP RDG2000 (Foundations of Reading and Language Acquisition) students
Summary of the Outcome of the Activities and/or Programs	Pairs of students from RDG 2000 were assigned to a K-4 classroom at Prospect School and served the teachers and their students and delivered high quality literacy learning lessons for ten consecutive weeks. The literacy learning lessons addressed the concepts of reading out loud, phonological awareness, phonics, vocabulary instruction, comprehension, and oral fluency.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	On-campus visits, Service through literacy activities in the areas of reading best practices through a novel study with all the 4th grade classrooms at Prospect School for ten consecutive one-hour lessons in assigned classrooms
Start and End Dates	2016 Fall Semester (Aug-Dec) RDG 4000 & 2017 Spring Semester (Jan-April) RDG 2010
Number of Participants	125+ participants to include: 2 UNCP faculty and graduate students, Robeson County Community in Schools Coordinator, four Prospect School teachers and their students, and UNCP RDG 4000 (Best Practices in Reading) students and UNCP RDG 2010 (Foundations of Reading and Writing Across Content Areas K-6) students.
Summary of the Outcome of the Activities and/or Programs	Pairs of students from RDG 4000 were assigned to a fourth grade classroom at Prospect School and delivered ten high quality lessons using the best practices in reading as identified by scientifically-based reading research. All of the lessons connected to the main themes that emerged from the novel Frindle by Andrew Clements. Pairs of students from RDG 2010 were assigned a fourth grade classroom at Prospect School and delivered ten high quality lessons in reading and writing across the content areas for ten consecutive weeks. All lessons connected the content areas to the main themes identified in the novel Flying Solo by Ralph Fletcher. A project stipend was awarded by the UNCP Office of Community and Civic Engagement to purchase the novels for all participants
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program
Activities and/or Programs Implemented to Address the Priorities	On-campus visits, The purpose of this event is to allow our candidates to practice as future reading specialists working with parents and children.
Start and End Dates	February 27, 2017

Number of Participants	5 graduate candidates and two university professors with 60-80 parents with children
Summary of the Outcome of the Activities and/or Programs	The UNCP Reading Education Program coordinated with the Public Schools of Robeson County to conduct a Parent Reading Workshop at Lumberton Junior High for the displaced West Lumberton Elementary School (this school was flooded during Hurricane Matthew and had to be relocated to the Junior High). There were door prizes and each child was able to go home with materials to help them with reading. This event was also a fulfillment of the regular workshop we conduct with the Public Schools of Robeson County Indian Education program, which had to be cancelled because of Hurricane Matthew.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Moore
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	On campus visits, The purpose of this event is to allow our candidates to practice as future reading specialists working with parents and children.
Start and End Dates	March 27, 2017
Number of Participants	7 graduate candidates and two university professors with 60-80 parents with children
Summary of the Outcome of the Activities and/or Programs	The UNCP Reading Education Program coordinated with the Moore County Public Schools to conduct a Parents Reading Workshop at Aberdeen Elementary School. Each child and parent received door prizes and gifts provided by the school.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Hoke
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	Grading Senior Projects
Start and End Dates	25-Oct-16
Number of Participants	a few dozen (20-50)
Summary of the Outcome of the Activities and/or Programs	Materials and presentations judged
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Scotland

Priorities Identified in Collaboration with LEAs/Schools	Strengthen communication and the working relationship between the UNCP Teacher Education Program and diverse stakeholders, including partnership schools, school districts, and community agencies.
Activities and/or Programs Implemented to Address the Priorities	Offer enrichment opportunity to youth
Start and End Dates	9-19-16 to 10-4-16
Number of Participants	75 between the two Scotland County schools
Summary of the Outcome of the Activities and/or Programs	Offer the opportunity to participate in STEAM activities to boys grades 1-5
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	NC Foundations seminars offered fall and spring to assist candidates and teachers in preparing for licensure exams.
Start and End Dates	7 offered fall 2016, 5 offered spring 2017
Number of Participants	50+
Summary of the Outcome of the Activities and/or Programs	no correlation between seminar attendance and increased scores, however LEAs call for continued seminars, not yet scheduled for 2017-18
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	Read-In, involve candidates in classroom experiences using multicultural literature, service learning for local schools
Start and End Dates	Nov 18, Feb 10
Number of Participants	30+ each event
Summary of the Outcome of the Activities and/or Programs	Candidates provide hands-on experience in classrooms, school partnerships continued, exposure to multicultural literature

LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson, Scotland
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	Service Learning in ELE methods courses, Service Learning with literacy and math methods courses, Service included Read-Ins at local schools once a semester, Tutoring/Remediation with students in reading and math, Working with Kindergarten students at Pembroke Elementary School in literacy, Working with after school students in Scotland County
Start and End Dates	fall and spring semesters
Number of Participants	50+
Summary of the Outcome of the Activities and/or Programs	Candidates participated in service learning in classrooms in local schools aligned with course curriculum
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Strengthen communication and the working relationship between the UNCP Teacher Education Program and diverse stakeholders, including partnership schools, school districts, and community agencies.
Activities and/or Programs Implemented to Address the Priorities	Partnership for Children grant RCC Robeson Community College, To discuss requirements of B-K program with grant recipients interested in transferring to UNCP
Start and End Dates	Jan-17, 2017
Number of Participants	6
Summary of the Outcome of the Activities and/or Programs	4 of the 6 participants applied and enrolled at UNCP
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Strengthen communication and the working relationship between the UNCP Teacher Education Program and diverse stakeholders, including partnership schools, school districts, and community agencies.
Activities and/or Programs Implemented to Address the Priorities	Hispanic Fall Festival/ On-campus visit at UNCP
Start and End Dates	10/26/2016 to 10/28/2016
Number of Participants	200

Summary of the Outcome of the Activities and/or Programs	During the Hispanic Fall Festival held at UNCP, Purnell Swett High School students attended and were exposed to cultural diversity topics.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Cumberland, Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	UNCP Student Presentation, Cultural presentation to create awareness and cultural sensitivity for diversity.
Start and End Dates	Nov-16, 2016, Dec-16, 2016

President Zelma Lopez organized the members to take this presentation to one of the classes of Spanish of South View High School and Purnell Swett High School.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	To support the teaching of writing in seventh-grade classrooms while providing preservice teachers with authentic field experience
Start and End Dates	9/12/16-12/9/16
Number of Participants	42
Summary of the Outcome of the Activities and/or Programs	Eight preservice teachers supported classroom writing activities in two seventh-grade classrooms and used those experiences to inform their own instructional plans.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Randolph, Sampson, Hoke
Priorities Identified in Collaboration with LEAs/Schools	Strengthen communication and the working relationship between the UNCP Teacher Education Program and diverse stakeholders, including partnership schools, school districts, and community agencies.
Activities and/or Programs Implemented to Address the Priorities	AIG Presentations, Recruit teachers for the AIG add on licensure program

Start and End Dates	fall 2016, spring 17
Number of Participants	60
Summary of the Outcome of the Activities and/or Programs	Approximately 50 enrolled in the AIG add on licensure program
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	K-5 Read-In, Develop an interest and love for reading
Start and End Dates	Once each semester, fall 2016 and spring 2017
Number of Participants	200 each semester
Summary of the Outcome of the Activities and/or Programs	Builds partnership between university and LEA. Helps students develop a love for reading
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Scotland
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.
Activities and/or Programs Implemented to Address the Priorities	Family STEM Night, Develop an interest in STEM related activities and careers
Start and End Dates	Once each semester, fall 2016 and spring 2017
Number of Participants	200 each semester
Summary of the Outcome of the Activities and/or Programs	Build partnership between university and LEA. Develop and awareness and interest in the area of STEM for ALL stakeholders
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.

Activities and/or Programs Implemented to Address the Priorities	K-5 Engineering Professional Development, Develop the understanding and knowledge related to the integration of engineering in the K-5 classrooms
Start and End Dates	3 workshops during the fall of 2016
Number of Participants	55 teachers
Summary of the Outcome of the Activities and/or Programs	Understanding the engineering curriculum and developing lessons (to include all materials) for the teachers to implement engineering in all content areas.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	2 nd annual SOAR! conference on Regional Pk-16 student success
Start and End Dates	December 2016
Number of Participants	200+
Summary of the Outcome of the Activities and/or Programs	There were a variety of presentations aimed at promoting college and career readiness.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	LEAs: Anson, Bladen, Columbus, Cumberland, Ft. Bragg, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, Scotland, and Whiteville City
Priorities Identified in Collaboration with LEAs/Schools	Provide ongoing high quality professional development for 21st century educators at the pre-service, beginning, career and advanced levels.
Activities and/or Programs Implemented to Address the Priorities	Assistant Principal READY Professional Development Conference
Start and End Dates	June 19. 2017
Number of Participants	50+
Summary of the Outcome of the Activities and/or Programs	There were a variety of presentations aimed at promoting successful practices for assistant principals.
LEAs/Schools with whom the Institution Has Formal Collaborative Plans	Robeson
Priorities Identified in Collaboration with LEAs/Schools	Collaborate on the sharing of resources between the University, schools, and the community to improve curriculum and increase student learning in both P-12 schools and the Teacher Education Program.

Activities and/or Programs Implemented to Address the Priorities	Public Schools of Robeson County Migrant Camp
Start and End Dates	June 8, 2017
Number of Participants	20 students, 10 PSRC employees, 5 community partners, 13 UNCP elementary education majors, 4 UNCP faculty and staff
Summary of the Outcome of the Activities and/or Programs	Students were involved in 9 different activities throughout the day and ate breakfast and lunch in the cafeteria.

II. CHARACTERISTICS OF STUDENTS

A. Headcount of students formally admitted to and enrolled in programs leading to licensure.

Full-Time				
	Male		Female	
Undergraduate	American Indian/Alaskan Native	2	American Indian/Alaskan Native	18
	Asian/Pacific Islander	0	Asian/Pacific Islander	0
	Black, Not Hispanic Origin	1	Black, Not Hispanic Origin	27
	Hispanic	0	Hispanic	4
	White, Not Hispanic Origin	21	White, Not Hispanic Origin	101
	Other	1	Other	4
	Total	25	Total	154
Licensure-Only	American Indian/Alaskan Native	0	American Indian/Alaskan Native	1
	Asian/Pacific Islander	0	Asian/Pacific Islander	0
	Black, Not Hispanic Origin	0	Black, Not Hispanic Origin	4
	Hispanic	3	Hispanic	1
	White, Not Hispanic Origin	3	White, Not Hispanic Origin	6
	Other	0	Other	0

	Total	21	Total	288

B. Program Completers and License Completers (reported by IHE).

Program Area	Baccalaureate Degree		Undergraduate Licensure Only	
	PC	LC	PC	LC
PC Completed program but has not applied for or is not eligible to apply for a license				
LC Completed program and applied for license				
Prekindergarten	.	1	.	12
Elementary	18	18	1	3
MG	1	3	.	.
Secondary	2	2	.	2
Special Subjects	5	2	.	.
EC	1	3	.	25
VocEd
Special Services
Total	27	29	1	42

C. Undergraduate program completers in NC Schools within one year of program completion.

2015-2016		Student Teachers	Percent Licensed	Percent Employed
Bachelor	UNCP	10	90	90
Bachelor	State	3,276	84	63

D. Top10 LEAs employing teachers affiliated with this college/university. Population from which this data is drawn represents teachers employed in NC in 2016-2017.

LEA	Number of Teachers
Public Schools of Robeson County	944
Cumberland County Schools	408
Scotland County Schools	193
Richmond County Schools	177
Columbus County Schools	133
Moore County Schools	127
Bladen County Schools	120
Hoke County Schools	98
Wake County Schools	93
Whiteville City Schools	49

E. Quality of students admitted to programs during report year.

Measure	Baccalaureate
MEAN SAT Total	1148
MEAN SAT-Math	*
MEAN SAT-Verbal	*
MEAN ACT Composite	25.09
MEAN ACT-Math	*
MEAN ACT-English	*
MEAN PPST-Combined	528.12
MEAN PPST-Reading	180.29
MEAN PPST-Writing	175.43
MEAN PPST-Math	180.71
MEAN CORE-Combined	483.59
MEAN CORE-Reading	175.56
MEAN CORE-Writing	168.49
MEAN CORE-Math	164.31
MEAN GPA	3.28
Comment or Explanation:	
* Less than five scores reported	

F. Scores of student teachers on professional and content area examinations.

Specialty Area/Professional Knowledge	2015-2016 Student Teacher Licensure Pass Rate	
	Number Taking Test	Percent Passing
Elementary (grades K-6)	7	14
Institution Summary	7	14

* To protect confidentiality of student records, mean scores based on fewer than five test takers were not printed.

G. Lateral Entry/Provisionally Licensed Teachers: Refers to individuals employed by public schools on lateral entry or provisional licenses.

Program Area	Number of Issued Program of Study Leading to Licensure	Number Enrolled in One or More Courses Leading to Licensure
Prekindergarten (B-K)	23	8
Elementary (K-6)	9	2
Middle Grades (6-9)	5	3
Secondary (9-12)	6	3
Special Subject Areas (K-12)	5	0
Exceptional Children (K-12)	97	73
Total	145	89
Comment or Explanation:		

H. Time from admission into professional teacher education program until program completion

Full Time

	3 or fewer semesters	4 semesters	5 semesters	6 semesters	7 semesters	8 semesters

Comment or Explanation:						

I. Teacher Education Faculty

Appointed full-time in professional education	Appointed part-time in professional education, full-time in institution	Appointed part-time in professional education, not otherwise employed by institution
31	9	0

J. Teacher Effectiveness

Teacher Effectiveness						
<p>This section includes a summary of data collected through the North Carolina Educator Evaluation System (NCEES) for beginning teachers prepared by this institution. North Carolina defines a beginning teacher as one who is in the first three years of teaching and holds a Standard Professional 1 license. The evaluation standards identify the knowledge, skills, and dispositions expected of teachers. School administrators rate the level at which teachers meet standards 1-5 as they move from ratings of “developing” to “distinguished.” Effective 2010–2011, at the end of their third year beginning teachers must be rated “proficient” on standards 1-5 on the most recent Teacher Summary Rating Form in order to be eligible for the Standard Professional 2 License. Performance on standard 6 is determined by a student growth value as calculated by the statewide growth model for educator effectiveness. The ratings for standard 6 are “does not met expected growth”, “meets expected growth”, and “exceeds expected growth.” New teachers are more likely to be rated lower on the evaluation standards as they are still learning and developing new skills and knowledge. Additional information about the North Carolina Educator Evaluation System is available at http://www.ncpublicschools.org/effectiveness-model/ncees/. Institutions with fewer than five beginning teachers evaluated during the 2016-2017 school year are reported as N/A. Additional information about Educator Effectiveness is available at: http://www.ncpublicschools.org/effectiveness-model/ncees/</p>						
Standard One: Teachers Demonstrate Leadership						
	Not Demonstrated	Developing	Proficient	Accomplished	Distinguished	Sample Size
Inst. Level:	0	4.5	71.2	22.7	1.5	198
