Responsible Employees must report sexual misconduct offenses they are aware of to the Office of Title IX and Clery Compliance (not to campus police unless it is the desire of the Reporting Party) no matter where the offense occurred - on or off campus.

CSAs must report specific crimes (non-sexual offenses) to UNCP Police and Public Safety (901.521.6235) if they occurred on UNCP’s Clery geography. All sexual crimes and offenses must be reported to the Office of Title IX and Clery Compliance.

  - Negligent manslaughter

- Arson

Violence Against Women Offenses (VAWA)

Clergy Geography:
The location of the Clergy crime is important information to collect. The Clergy act requires disclosure for crimes that happen
- on campus (to include residence halls);
- on public property within or immediately adjacent to the campus (e.g., public streets), and
- in or on non-campus buildings or property that UNCP owns or controls.
  (e.g., the Regional Center, Incubator)

Property that is “controlled” by the university means that we rent or lease it, or we have some sort of written agreement (even an informal one) that says we may use it. (e.g., student overnight stays in hotels)
