### MS Athletic Training

**Degree Requirements:** Students must take the courses in the order in which they are outlined above. An accumulation of 9 semester hours of “C” quality work, or a single grade of “F” will result in the student being dismissed from the program. Students must have a 3.0 GPA or higher, earn a 70% or higher for each domain on the preparatory exams (within 3 attempts), and score a 3 on the required AT Milestones.

---

**Course Descriptions:**

- **ATR 5000 Functional Anatomy:**
  - Study of human anatomy, focusing on the functional aspects relevant to athletic training.

- **ATR 5010 Emergency Care:**
  - Course designed to prepare students for emergency situations in athletic settings.

- **ATR 5140 Therapeutic Interventions I:**
  - Introduction to therapeutic interventions focusing on the foundational skills.

- **ATR 5100 Clinical Experience I:**
  - Hands-on experience in clinical settings.

- **ATR 5120 Clinical Examination and Diagnosis I:**
  - Techniques and methods for conducting clinical examinations.

- **ATR 5240 Therapeutic Interventions II:**
  - Advanced therapeutic interventions for specific athletic injuries.

- **ATR 5130 Evidence-Based Practice I:**
  - Development of evidence-based practices in athletic training.

- **ATR 5200 Clinical Experience II:**
  - Further clinical experience.

- **ATR 5220 Clinical Examination and Diagnosis II:**
  - Continuation of examination and diagnosis techniques.

- **ATR 5340 Therapeutic Interventions III:**
  - Specialized therapeutic interventions.

- **ATR 5350 Diagnostic Imaging and Casting:**
  - Introduction to diagnostic imaging and casting techniques.

- **ATR 5320 Clinical Examination and Diagnosis III:**
  - Advanced examination and diagnosis.

- **ATR 5420 Clinical Examination and Diagnosis IV:**
  - Further advanced examination and diagnosis.

- **ATR 5440 Therapeutic Interventions IV:**
  - Advanced therapeutic interventions.

- **ATR 5570 Wellness Promotion Across the Lifespan:**
  - Promotion of wellness across the lifespan in athletic settings.

- **ATR 5560 Leadership of Athletic Training:**
  - Leadership skills in athletic training.

- **ATR 5330 Evidence-Based Practice III:**
  - Advanced evidence-based practices.

- **ATR 5500 Clinical Experience V:**
  - Advanced clinical experience.

- **ATR 5660 Transition to Professional Practice:**
  - Preparation for professional practice in athletic training.

---

**Additional Notes:**

- All courses are offered on a credit hour basis.
- Prerequisites may be required for some courses.
- Course offerings vary by semester and year.

---

**Contact Information:**

For more information, contact the Athletic Training Program coordinators:

- **Justice**
- **Taylor**
- **Edkins**

---

**Notes on Course Registration:**

- Students must register for courses according to the schedule provided.
- Registration is on a space-available basis.
- Course requirements may be updated based on program needs.

---

**Additional Resources:**

- Program Handbook
- Online Learning Portal
- Program Website

---

**Program Goals:**

- To prepare students for professional practice in athletic training.
- To develop leadership skills in athletic training.
- To promote wellness across the lifespan.

---

**Program Outcomes:**

- Students will demonstrate proficiency in clinical examination and diagnosis.
- Students will exhibit leadership skills in athletic training.
- Students will promote wellness across the lifespan.

---

**Program Assessment:**

- All students must pass the required AT Milestones.
- Performance in clinical experiences is evaluated.
- Course grades are based on comprehensive assessment of learning outcomes.

---

**Program Policies:**

- Attendance policies are strictly enforced.
- Course withdrawals require approval from the program coordinators.
- All students must complete a mandatory professional development program.
