

## B.S. in Environmental Science (2020-2021) ENVB

Name: \_\_\_\_\_ Student ID: \_\_\_\_\_

Students must have a minimum overall cumulative quality point average (QPA) of 2.0 and have a minimum cumulative quality point average of 2.0 in all work attempted at the University of North Carolina at Pembroke, and must have a minimum overall cumulative quality point average of 2.0 in the major field of study. Note: Minimum QPA cannot be attained by rounding up (for example, a QPA of 1.99 is not sufficient for graduation). This degree is intended to prepare students for the workforce. Students who wish to pursue graduate school may need to take additional coursework and should consult their advisors in this regard.

| ____ BIOLOGY 1000 ( ) 3040 ( ) 3420 ( ) 4320 WE ( )   | 14 |
| ____ BIOLOGY WRITING IN THE DISCIPLINE (WD) 4700 WD ( )<br>Students must complete 9 semester credit hours of Writing Enriched (WE) and Writing in the Discipline (WD) courses. One course must be a WD course and can be either BIO 4700 or a different WD course. BIO 4320 (listed above) will count as 4 hours of writing enriched (WE) credit, so you will still need at least 2 more hours of WE coursework, which can come from any discipline. Double majors need only fulfill this writing requirement once. | 3  |

\*\* Must average 2.0 QPA overall in required & elective courses in Biology. You are NOT required to earn a "C" or better in each of your biology/environmental science courses, but a "C" or better would certainly make you more desirable to future employers. You could receive a "D" in a biology/environmental science course and conceivably have sufficiently high grades in your other biology/environmental science courses to bring your overall QPA up to 2.0 or higher.
