

UNIVERSITY *of* NORTH CAROLINA

PEMBROKE

Lecturer-Information Technology Management

Established in 1887 as a school for the education of American Indians, The University of North Carolina at Pembroke serves a distinctly diverse student body and encourages inclusion and appreciation of the values of all people. Located in the heart of Pembroke, N.C., UNCP boasts an enrollment of 8,200 in 41 undergraduate and 18 graduate programs and offers a personalized learning environment where faculty and staff are dedicated to engaged scholarship, high academic standards, creative activity and public service. Spread over 281 acres, the campus offers a sense of community and belonging—a place where faculty and staff feel supported, take pride in the university’s mission, and are devoted to excellence in teaching, learning and research, and to developing leaders who make a difference in their communities.

The School of Business at The University of North Carolina at Pembroke invites applications for a full-time lecturer in Information Technology Management to start in Fall 2021. Rank is Lecturer. Salary is commensurate with education and experience.

The School of Business is accredited by the Association for Advancement of Collegiate Schools of Business (AACSB).

Potential for, or evidence of, successful teaching is required. The successful candidate will deliver undergraduate classes in business.

Additional specific course assignment will be based on strengths of the faculty member as well as department need. The standard teaching load is 5 courses per semester; delivery will be on campus and online depending on department needs. Opportunities for Summer teaching are available. Opportunities for teaching other courses related to experience in the required areas exists as the School continues to grow and develop programs.

Minimum Training and Experience Requirements:

Applicants with a Master of Business Administration concentration in Information Technology Management. Previous work experience specializing in Cyber Security is required. Candidates should demonstrate the ability to successfully structure and implement an online course.

Previous experience in teaching information technology courses on-line, in-class, and hybrid modes at regionally accredited higher education institutions is a must. All degrees must be from accredited institutions.

Management Preferences: Demonstrated successful experience with Online Education delivery is desirable. Experience in web development and security is a plus. Significant industry or military experience in cybersecurity is considered a plus.

Special Instructions to Applicants:

This position is subject to the successful completion of an employment background check. An employment background check includes a criminal background check, employment verification, reference checks, license verification (if applicable) and credit history check (if applicable).

In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States and to complete the required employment eligibility verification form upon hire.

New employees are paid only by direct deposit to the financial institution of their choice. Candidates claiming Veterans Preference must attach a copy of their DD-214 as a part of the online application process.

UNC Pembroke is an Equal Opportunity Employer. The University prohibits discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibits discrimination against all individuals based on their age, race, color, genetic information, religion, sex, sexual orientation, gender identity or expression and national origin. UNC Pembroke is a VEVRAA Federal Contractor and seeks priority referrals of protected veterans for our openings.
