The State budget appropriations act for the current fiscal year includes an annual raise component, which is ideal in meeting our goal to ensure we provide multiple opportunities for eligible employees. As the campus welcomed our students back for the Spring semester, we are hopeful the pandemic is behind us.

The office of human resources also announces that university and EHRA non-faculty employees demonstrate outstanding service and contribution to our great State and its residents. I challenge you to submit a nomination for employee of the month, and you may nominate your colleague to this esteemed honor for their dedicated service to the State and UNC Pembroke.

The Office of Human Resources wishes to thank all employees for their continued hard work and dedication. The human resources office will continue to support and serve its valued employees, which we know are assets to the university.

Communication is key in an organization and different delivery methods can be used to enhance the University's work environment positively for our faculty and staff. The office of human resources launches our inaugural bi-monthly newsletter, HR Spotlight.

As global, local, and personal events can have a profound impact on every facet (social, emotional, and physical) of our lives, the Office of Human Resources is proud to be a part of our employees' and students' well-being.

The UNC System will launch the Employee Health Plan ID card website, Message from the NC State Health Plan. To access and print a copy of your State Health Plan ID card through the Plan's website, follow these steps:

1. To change your password, confirm your email and perform other tasks. Select "Account/Profile." Once you access your account, you can order a new ID card, if needed.
2. To access your Health Plan ID card, click on "Your Benefits." You will then be prompted to sign in with your User ID and Password. If you haven't set one up, you can access the website using our careers link.
