**STUDENT EMERGENCY ASSISTANCE FUND**

The SEAF assists UNCP students by providing financial support when they need assistance with unexpected emergency expenses surrounding situations such as accidents, illness, death of an immediate family member, fire damage, need for temporary housing or other disasters.

Students may apply for funds when they have exhausted all other resources. This funding is not intended to replace or supplement existing financial aid and does not have to be repaid. **Fund awards generally do not exceed $500.**

Donations are the sole source of funding for the Student Emergency Assistance Fund. We appreciate the generosity of the donors who make this fund possible.

- **What is/is not covered by the emergency fund?**
- **Are you eligible for the emergency fund?**

**CARES ACT FUND**

UNC Pembroke was awarded $3,137,355 million designated for direct, student emergency assistance. This funding is available to assist students with COVID-related expenses such as balances, technology needs, food insecurity, housing needs, course materials, transportation, medical needs, childcare expenses, and mental health resources.

The CRF3SAA requires that institutions prioritize students with exceptional needs, such as students who receive Pell Grants, in awarding emergency assistance funding to students. UNC Pembroke awarded all current students who have a valid FAFSA on file and are Pell recipients or Pell-eligible. These awards were processed without any action needed by the student. If you were not one of these students, you could still receive assistance if you are a current student at UNC Pembroke and have a COVID-related need.

To receive funding, eligible students MUST submit an application indicating they have a need. This application is available online when logging into Acorn or can be submitted to Financial Aid. The application must be submitted by the deadline to be considered for funding.
