      1. Executive Committee – Dr. Joe West
         Comment: Chancellor forgot to mention on his report that, NC state budget has a 5% raise over the next two years (2.5% per year) for faculty if budget approved
         i. **Vote to Approve Voice Recordings if Needed**: Voice Recordings to assist Faculty Senate Secretary in taking accurate notes. Only the
Faculty Senate Secretary would have access to the voice recordings and the recordings would be deleted after the meeting minutes are transcribed – motion by Lamphere to move this item to the floor for discussion - Approved by acclamation

ii. **Vote to Approve WebEx Video Recordings if Needed:** Video with audio recordings to assist Faculty Senate Secretary in taking accurate notes. Only the Faculty Senate Secretary would have access to the voice recordings and the recordings would be deleted after the meeting minutes are transcribed – motion by Lamphere to move this item to the floor for discussion - Approved by acclamation
   - Comments: delete recordings after minutes have been approved; video recording is much easier than sound only while on Webex

iii. **Vote to Approve Last Year’s Roll Call Voting Procedures:** This vote will determine whether the 2021 Faculty Senate and all committees and subcommittees will be temporarily following the revised roll call voting procedures (Appendix B) used last year. If this vote fails, the Senate will operate under the guidelines in Appendix B for this meeting and then see guidance from General Counsel and Faculty Governance on how to move forward - motion by Snead to move this item to the floor for discussion – **Approved 18-4-0:** yees (Altman, Bahhouth, Bush, Charlton, Goins, Grimes, Hummer, Jones-Locklear, Lamphere, Lillis, C Locklear, Neal, Pereira, Robinson, Schaub, Snead, Wells, Z Locklear); nays (Hansen, Thomas, Vela, Voecks); abstains (none)
   - Roll Call Voting Procedures as described in Appendix B might be conducive to suppress people’s from voting their conscience
     ✓ Names will be recorded on paper for all posterity and perhaps that might cause untenured people to think twice before casting their vote. For tenured individuals, it might depend on the issue being voted on
   - Discussion about abstentions during face-to-face vs virtual voting
     ✓ Abstention means not getting on the record and therefore, calling for abstentions is a fallacy on its face. In face-to-face voting, you are never required to voice for abstention (a “no response” is an abstention). Members are also allowed to vote “present” instead of ‘nay’ or ‘yea’ or “pass” if they wish the discussion to come back to them
     ✓ Seating face-to-face in a room might also be intimidating to cast your vote as you are seeing the face of the person that you might think is unhappy with your vote. Robert’s Rules were designed for face-to-face meetings so it can happen either way. However, a preference is given to follow a system that the rules were designed for.
     ✓ We hope this is a temporary experience, and we are not contemplating being on Webex forever. We are doing it this way because a law was passed by the legislature as an amendment to the meetings. Webex does make it easier but
it is not the real situation of a parliamentary body, to be in a video format and it is putting us in a legal situation where we have to use these procedures that can be ‘chilling’

- After this Senate meeting, Governance, the Faculty Senate Chair, and the General Counsel will meet to see if there is a way to improve this situation and still meet the legal requirements from the General Counsel, but it is less onerous on faculty and potentially a little more normal than what we are doing now
- Kelvin Jacobs exited the meeting at 4:27 PM
- Governance is looking at the possibility of keeping meetings online as an option or on a hybrid format. Advantage of teleconference meetings is that it seems to provide better access, as seen in Faculty Senate meetings attendance and probably in General Faculty meetings too. It helps with schedule and with getting faculty members to be willing to serve on certain committees if they are not obligated to be in person at the university. Governance is interested in finding and suggesting rules and orders that comply with the legal mandate but are not making people thinking twice about voting. As an example, there are Senates in the UNC System that are over 100 people and Roll Call is not feasible for every vote with that many people. The legality needs to be ironed out or we need to write a letter to the Assembly to inform them that these rules are not working for us and perhaps request to modify them so we can conduct our business in accordance with our own rules. Governance is working on a Procedure Vote where it informs that the Senate makes its own rules of order. These are temporary rules, but it brings us in concert with the Faculty Handbook. We seek to approve these temporary rules and we know that Governance is working on a permanent solution
- Vote by acclamation language is troublesome as well because there is an existing ‘unanimous consent’ in Robert’s Rules 458, and maybe Governance could: a) stop calling it abstentions and b) helps us stay in-line with the guidance that we say we are following

iv. **For Information:** The Chancellor and Provost have authorized a $1,600 budget for the Faculty Research Advisory Board. This budget will be used to provide a $200 stipend to faculty who present at the monthly (eight total) 2021-2022 UNCP Research Colloquium Series.

v. **For Information:** The UNCP Faculty Senate Executive Committee is forming an ad hoc Student Evaluation of Instruction Committee to recommend changes to both our SEI process and the SEI instruments used for graduate and undergraduate classes. Currently, the SEI Committee consists of:
   - Gene Deese

Revised Roll Call Vote

The steps below should be used to streamline Faculty Senate roll call vote procedures. These procedures have been vetted by UNCP GC Kelvin Jacobs.

1. Record, in writing, the names of all committee members present. This initial roll call is necessary so that call-in participants/listeners (if any) know who on the committee is in attendance.

2. Tell committee members that they must announce their departure from the meeting if they leave. The purpose of this step is to let call-ins know that Committee Member XYZ did not join in a vote by acclamation because they are no longer in the meeting.

3. The Senate and Committees / Subcommittees can approve vote by acclamation for all votes if and only if:
   a) There are no nays on a vote
   b) There are no abstentions on a vote

4. If there are nays or abstentions, the vote must be recorded by a roll call vote.

5. All motions and seconds must have a name recorded with them. Secretaries for the Senate and all Committees and Subcommittees must record the names associated with all motions and seconds in meeting minutes.
Present: Irene Aiken (chair), Whitney Akers, Christine Bell, Kirill Bumin (secretary), Serina Cinnamon, Rick Crandall, Susan Edkins, Michele Fazio, Kelly Ficklin, Brandy Geary (GSO president), Rita Hagevik, Julie Harrison-Swartz, Shenika Jones, Roger Ladd, Naomi Lifschitz-Grant, Marisa Scott, Kim Sellers, Tom Trendowski, Bryan Winters, and Summer Woodside

* For-against-abstain

- **Proposals – Course Deletion (SPE 5230 – Spoken Communication) – approved 18-0-0**
  - Rationale: ETFL does not have a speech specialist on faculty, and the course has not been taught in many years.

- **Proposals – Change of concentration name (MSN) – approved 18-0-0**
  - Proposed Change: Change name of MSN specialty track (Rural Case Manager) to "Clinical Prevention and Population Health."
  - Rationale: we have discovered that prospective students are confused about the focus of this specialty track. This specialty track focuses on clinical prevention of illness and disparities and also on population health within a rural population.
  - There are no revisions needed to required courses. This is a name change proposal only.
• Graduate School Items/Report
