Clean Energy and Federal Policy (5 years)

T.J. Osborne

Q&A with T.J. Osborne:

1. *What is one piece of advice you would give to students seeking a career in your field?*

"Reach out to experts in the field. They have decades of experience to learn from and connections that can open doors for your career."

2. *What has been your favorite accomplishment or experience in either your educational career or occupation?*

"My favorite experience was this year where I spoke on a panel in front of 100 people for an hour as an expert in my field. After the panel, I met with a dozen attendees and got to answer all their questions on clean energy transition which was a rewarding experience."
